The Lankavatara Sutra Dwight Goddard, 2015-01-06 Monkfish is proud to reintroduce this spiritual classic in paperback edition It was its first book in its Provenance Editions **D. T. Suzuki on the Unconscious in Zen Art, Meditation, and Enlightenment** Steve Odin, 2025-07-01 A comprehensive study of D T Suzuki s Zen philosophy and philosophical psychology in relation to his Buddhist understanding of the cosmic Unconscious This book explores how the Japanese philosopher D T Suzuki 1870 1966 developed an integral synthesis of Eastern and Western sources to establish a modern philosophical psychology of the cosmic Unconscious which he in turn used as the basis to interpret every aspect of Zen art meditation and enlightenment Beyond Freud s personal unconscious and Jung s collective unconscious according to Suzuki is the cosmic Unconscious of Zen which as absolute nothingness is the fountain of inexhaustible creative potentialities and the source of all Zen inspired arts The book demonstrates that like the Kyoto School of modern Japanese philosophy Suzuki s Zen endeavors to overcome the existential problem of nihilism or relative nothingness by shifting to the openness of absolute nothingness wherein emptiness is fullness and all things are disclosed in the evanescent beauty of their suchness Suzuki however formulates his scheme in terms of a depth psychology where the cosmic Unconscious is the encompassing locus of absolute nothingness Ultimately the book argues that by integrating both Eastern and Western views of the unconscious psyche including the different schools of Zen and Mahayana Buddhism as well as American French and German theories of the unconscious Suzuki s Zen concept of the cosmic Unconscious constitutes a significant original contribution to philosophical psychology **GOM - A Course in Meditation** , **GOM** Gelek Rimpoche, One of the most thorough transcripts available on concentrated meditation Gelek Rimpoche shares methods to develop deep single pointed meditation as well as peace and joy in our lives Includes 19 color plates on the meditator s journey *Through a Vegan Studies Lens* Laura Wright, 2019-02-20 Interest in the vegan studies field continues to grow as veganism has become increasingly visible via celebrity endorsements and universally acknowledged health benefits and veganism and vegan characters are increasingly present in works of art and literature Through a Vegan Studies Lens broadens the scope of vegan studies by engaging in the mainstream discourse found in a wide variety of contemporary works of literature popular cultural representations advertising and news media Veganism is a practice that allows for environmentally responsible consumer choices that are viewed particularly in the West as oppositional to an economy that is largely dependent upon big agriculture This groundbreaking collection exposes this disruption critiques it and offers a new roadmap for navigating and reimagining popular culture representations on veganism These essays engage a wide variety of political historical and cultural issues including contemporary political and social circumstances emergent veganism in Eastern Europe climate change and the Syrian refugee crisis among other topics Through a Vegan Studies Lens significantly furthers the conversation of what a vegan studies perspective can be and illustrates why it should be an integral part of cultural studies and critical theory Vegan
