Marchildon,Livio Di Matteo,2014-12-03 Through Canadian and international perspectives Bending the Cost Curve in Health Care explores the management of growing health costs in an extraordinarily complex arena The book moves beyond previous debates agreeing that while efficiencies and better value for money may yet be found more fundamental reforms to the management and delivery of health services are essential prerequisites to bending the cost curve in the long run While there is considerable controversy over direction and details of change there also remains the challenge of getting agreement on the values or principles that would guide the reshaping of the policies the structures and the regulatory environment of health care in Canada Leading experts from around the world representing a range of disciplines and professional backgrounds come

together to organize and define the problems faced by policy makers Case studies from the United States the United Kingdom Australia the Nordic countries and industrialized Asian countries such as Taiwan offer useful reform experiences for provincial governments in Canada Finally common Canadian cost factors such as pharmaceuticals and technology and paying the health workforce are explored This book is the first volume in The Johnson Shoyama Series on Public Policy published by the University of Toronto Press in association with the Johnson Shoyama Graduate School of Public Policy an interdisciplinary centre for research teaching and executive training with campuses at the Universities of Regina and Saskatchewan **F&S**
