Unisa June Time Table:

The Calendar University of South Africa, 1992 **Security Management** Jacob Van der Westhuizen, 1990

Compstat Rudolf Dutter, Wilfried Grossmann, 2013-12-20 This book assembles papers which were presented at the biennial symposium in Computational Statistics held under the auspices of the International Association for Statistical Computing IASC a section of ISI the International Statistical Institute This symposium named COMPSTAT 94 was organized by the Statistical Institutes of the University of Vienna and the University of Technology of Vienna Austria The series of COMPSTAT Symposia started 1974 in Vienna Meanwhile they took place every other year in Berlin Germany 1976 Leiden The Netherlands 1978 Edinburgh Great Britain 1980 Toulouse France 1982 Prague Czechoslovakia 1984 Rome Italy 1986 Copenhagen Denmark 1988 Dubrovnik Yugoslavia 1990 and Neuchâtel Switzerland 1992 This year we are celebrating the 20th anniversary in Vienna Austria It has obviously been observed a movement from traditional computational statistics with emphasis on methods which produce results quickly and reliably to computationally intensive methods like resampling procedures Bayesian methods dynamic graphics to very recent areas like neural networks accentuation on spatial statistics huge data sets analysis strategies etc For the organization of the symposium new guidelines worked out by the IASC in written form were in effect this time The goal was to refresh somehow the spirit of the start of COMPSTAT 74 keep the tradition of the series and ensure a certain continuity in the sequence of biannual meetings *Technological innovation (4IR) in law teaching and learning: Enhancement or drawback during Covid-19* Charles Maimela, 2022-12-30 Technological innovation 4IR in law teaching and learning Enhancement or drawback during Covid 19 book emerged from a lecture series the Faculty of Law at UP hosted in the 2021 academic year Aiming to test the state of teaching and learning during the pandemic the lecture series asked whether ERT and learning ERTL compromised or enhanced the teaching and learning of law Among others various academics from UP Law as well as from the universities of KwaZulu Natal Johannesburg and Free State as well as officials from the DHET participated in the series This collection comprises chapters written by some of the representatives who were involved in the lecture series This book aims to set the tone for teaching and learning of law after the pandemic It is our hope that the lessons learnt during the pandemic will be adopted in the day to day teaching pedagogy of law in the future Despite the disruptions caused by the pandemic a possibly unseen benefit can be identified As this book argues law teaching and learning using technological innovations have been positive for both academics and students Thanks to technological innovation the discipline of law is arguably in a far better position after the pandemic than before **The Origin and Growth of Geography as a discipline at South African Universities** Gustav Visser, 2016-09-20 The publication provides the first comprehensive text that reflects on a century of the development of geography as an academic discipline at South African universities The book showcases a broad and textured review of South Africa's geography departments their staff members their times and the different Geographies they engaged in The book lays the foundation from which more

expansive individual departmental histories can be written in the future

Pallo Jordan,2021-09-01 When President F W de Klerk announced the unbanning of the liberation movements on 2 February 1990 he opened the door to negotiations that would end apartheid and pave the way to democracy But how did this moment come about What power struggles and secret talks had brought the country to this point Written by two ANC veterans who were close to these events Breakthrough sheds new light on the process that led to the formal negotiations Focusing on the years before 1990 the book reveals the skirmishes that took place away from the public glare as the principal adversaries engaged in a battle of positions that carved a pathway to the negotiating table Drawing from material in the prison files of Nelson Mandela minutes of the meetings of the ANC Constitutional Committee the NWC and the NEC notes about the Mells Park talks led by Professor Willie Esterhuyse and Thabo Mbeki communications between Oliver Tambo and Operation Vula the Kobie Coetsee Papers the Broederbond archives and numerous other sources the authors have pieced together a definitive account of these historic developments While most accounts of South Africa s transition deal with what happened during the formal negotiations Breakthrough demonstrates that an account of how the opposing parties reached the negotiating table in the first place is indispensable for an understanding of how South Africa broke free from a spiralling war and began the journey to democracy
