Understand what is required for competence in own work role

1.1 Describe the duties and responsibilities of own work role

I work as one member of a team of Health Care Assistants in a private nursing home. My aim is to provide the highest standards of care to the residents I care for within the nursing home. This involves respecting the dignity of the individual and ensuring the individual's rights to privacy, dignity, choice and independence are met. I am required to assist residents with mobility problems, providing them with the means to remain mobile eg a walking frame and as much reassurance as is necessary to keep them independently mobile. Some residents have lost the ability to walk and so need a wheelchair. I am required to assist residents with physical disabilities such as incontinence and manual dexterity problems. I help in the care of and use of aids and personal equipment.

I am responsible for making and changing beds and tidying residents' rooms (with permission), undertaking light cleaning duties as needed to ensure that the nursing home is kept clean, pleasant and welcoming at all times.

I follow individuals' care plans carefully, ensuring that all correct procedures are carried out and that contact is polite, friendly, warm and supportive at all times. I respect and maintain residents' confidentiality of information including behaviour, actions and incidents that may occur in the course of day to day care. I report and record any changes in a resident's condition to a senior member of staff on duty. Actions taken as a result of this are reported to all staff members during handover at commencement of a shift. This ensures that all caring and nursing staff are working to the same standards and instructions.

I assist in the administering of medication in accordance with the company's Administration of Medicines Policy. I assist with ensuring individuals' receive the correct nutrition according to likes and dislikes, dietary requirements such as diabetes, allergies and weight loss or gain. I aim to assist individuals when eating as required but at the same time ensuring that I do not de-skill them by taking over the task unnecessarily. Our residents' needs vary on a day to day basis, with a task that is beyond an individual's capability one day may be 'doable' the next.
