Kent,2022-09-01 Abraham Lincoln had a lifelong fascination with science and technology a fascination that would help institutionalize science win the Civil War and propel the nation into the modern age Readers will learn through Lincoln The Fire of Genius how science and technology gradually infiltrated Lincoln s remarkable life and influenced his growing desire to improve the condition of all men The book traces this progression from a simple farm boy to a president who changed the world Counter to conventional wisdom subsistence farming provides a considerable education in agronomic science forest ecology hydrology and even a little civil engineering Continuing through a lifetime of self study curiosity and hard work Lincoln became the only President with a patent advocated for technological advancement as a legislator in Illinois and in Washington and became the go to western lawyer on technology and patent cases during his legal career During the Civil War Lincoln drew upon his commitment to science and personally encouraged inventors while taking dramatic steps to institutionalize science via the Smithsonian Institution create the National Academy of Sciences and initiate the Department of Agriculture Lincoln s insistence on high tech weaponry balloon surveillance strategic use of telegraphy and railroad deployment positioned the North to achieve Union victory New England Journal of Education ,1909 **The Education of a Musician's Daughter** Sonya Trevizo,2025-01-03 Attending college in the late 60s and early 70s was a challenge but for Susan now known as Sonya it was also a blessing Despite suffering an identity crisis during her sophomore year and navigating the pitfalls of the drug culture Susan ultimately benefited from the open minded spirit of the era This book however starts at the beginning of Susan s education during her kindergarten year where she flourished in a magical world shared with her best friend This idyllic time abruptly ended when her father uprooted the family from their Queens apartment to Schenectady for a job teaching music in public schools The transition was difficult and it took years for Susan to thrive in her new environment Her awkward growth spurt alienated her from peers and an encounter with a bully left her traumatized Yet the most challenging relationship was with her mother Fortunately Susan was guided by a series of role models Her father a soulful musician remained devoted and his love shone through the darkest times Her Hebrew School principal a Holocaust survivor inspired her with his faith and New Age vision of the future Two public school teachers
