ICEL 2017 - Proceedings of the 12th International Conference on e-Learning Laurie O. Campbell, Richard Hartshorn, 2017

Breakthrough Mac Maharaj, Z. Pallo Jordan, 2021-09-01 When President F W de Klerk announced the unbanning of the liberation movements on 2 February 1990 he opened the door to negotiations that would end apartheid and pave the way to democracy But how did this moment come about What power struggles and secret talks had brought the country to this point Written by two ANC veterans who were close to these events Breakthrough sheds new light on the process that led to the formal negotiations Focusing on the years before 1990 the book reveals the skirmishes that took place away from the public glare as the principal adversaries engaged in a battle of positions that carved a pathway to the negotiating table Drawing from material in the prison files of Nelson Mandela minutes of the meetings of the ANC Constitutional Committee the NWC and the NEC notes about the Mells Park talks led by Professor Willie Esterhuyse and Thabo Mbeki communications between Oliver Tambo and Operation Vula the Kobie Coetsee Papers the Broederbond archives and numerous other sources the authors have pieced together a definitive account of these historic developments While most accounts of South Africa's transition deal with what happened during the formal negotiations Breakthrough demonstrates that an account of how the opposing parties reached the negotiating table in the first place is indispensable for an understanding of how South Africa broke free from a spiralling war and began the journey to democracy

Donkor, 2024-09-05 Despite the current impressive numerical growth of Pentecostal Charismatic Christianity in Africa there remain some concerns about the extent to which the church is making the desired impact in the public space As the church grows numerically the African continent is ironically plagued with many regrettable stories of corruption bad governance sexual abuse gender discrimination and perversion environmental degradation robbery economic crisis leading to poverty and hunger wars and other social vices This paradoxical increase in vices alongside the demographic growth of the Christian population on the continent has caused many to question the social impact of African Christianity Re Visioning African Pentecostal Charismatic Ecclesiology in the Public Sphere is a response to these observations The contributors to this volume who are made up of seasoned academics theological educators and missiologists and mission practitioners have engaged the subject from multidisciplinary perspectives highlighting significant contributions of African Pentecostalism while pointing out critical areas for urgent attention The volume is intended to stimulate conversations around the church's mandate of influencing the public sphere as an agent of social transformation *African Philosophy and Environmental Conservation*

Jonathan Chimakonam, 2017-10-04 African Philosophy and Environmental Conservation is about the unconcern for and marginalisation of the environment in African philosophy The issue of the environment is still very much neglected by governments corporate bodies academics and specifically philosophers in the sub Saharan Africa The entrenched traditional world views which give a place of privilege to one thing over the other as for example men over women is the same attitude that privileges humans over the environment This culturally embedded orientation makes it difficult for stake holders in Africa to identify and confront the modern day challenges posed by the neglect of the environment In a continent where deep rooted cultural and religious practices as well as widespread ignorance determine human conduct towards the environment it becomes difficult to curtail much less overcome the threats to our environment It shows that to a large extent the African cultural privileging of men over women and of humans over the environment somewhat exacerbates and makes the environmental crisis on the continent intractable For example it raises the challenging puzzle as to why women in Africa are

the ones to plant the trees and men are the ones to fell them Contributors address these salient issues from both theoretical and practical perspectives demonstrating what African philosophy could do to ameliorate the marginalisation which the theme of environment suffers on the continent Philosophy is supposed to teach us how to lead the good life in all its forms why is it failing in this duty in Africa specifically where the issue of environment is concerned This book which trail blazes the field of African Philosophy and Environmental Ethics will be of great interest to students and scholars of Philosophy African philosophy Environmental Ethics and Gender Studies Patriots & Parasites Dene Smuts, 2016-11-01 Patriots The great experiment in catharsis that was the Truth and Reconciliation Commission The reinvigoration of racial polarisation under the Mbeki administration and the slow burn of resentment that is coming to a head among the next generation as manifested in the RhodesMustFall campaign The entrenchment of cronyism under Zuma and the fight to protect the crucial balance of accountability enshrined in the freedom of the media and the independence of the judiciary American Journal of Enology and Viticulture , 2015 **The Palgrave Handbook of African Men and Masculinities** Ezra Chitando, Obert Bernard Mlambo, Sakhumzi Mfecane, Kopano Ratele, 2024-05-07 This handbook provides a comprehensive interdisciplinary overview of key theoretical and analytical approaches topics and debates in contemporary scholarship on African masculinities Refusing to privilege Western theoretical constructs but remaining in dialogue with them contributors explore the contestations around and diversities within men masculinities and sexualities in Africa investigate individual and collective practices of masculinity and interrogate the social construction of masculinities Bringing together insights from scholars across gender studies sociology anthropology philosophy history literature and religion this book demonstrates how recognizing and upholding the integrity of African phenomena locating and reflecting on men and masculinities in varied African contexts and drawing new theoretical frameworks all combine to take the discourse on men and masculinities in Africa forward Chapters examine a range of issues within the context of masculinities including embodiment sport violence militarism spirituality gender roles fatherhood homosexuality health and work This handbook will be valuable reading for scholars researchers and policymakers in Masculinity Studies and more broadly Gender Studies as well as Africana Studies **Who's who of Southern Africa** , 1986 Vols for 1967 70 include as a section Who's who of Rhodesia Mauritius Central and East Africa
