Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive. Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this. Pastors will especially find this feature to be a real help in teaching theology. It is an indispensable contribution to the task of systematic theology. Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world. The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material. The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind boggling. Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well documented in both biblical and historical scholarship and will prove to be a classic. William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available, it should receive wide use in the classroom and in the study. Robert H. Culpepper Southern Baptist Theological Seminary

**Systematic Theology** Wolfhart Pannenberg, 1991 The publication of Volume 3 of German theologian Wolfhart Pannenberg's Systematic Theology completes the English edition of a work that will surely come to stand as one of the lasting theological statements of the twentieth century.

*Systematic Theology, Volume 2* Katherine Sonderegger, 2020-11-03 Katherine Sonderegger follows her monumental volume on the doctrine of God with this second entry of her Systematic Theology which explores the doctrine of the Holy Trinity. Locating her analysis first in the Hebrew Scriptures, Sonderegger examines the thrice holy God that is proclaimed to Isaiah in the sanctuary and manifested in the sacrifice of the temple. The book of Leviticus read in conversation with Exodus unfolds the doctrine of the Trinity under the character of holiness. In the one God, Trinity speaks of the life movement and self offering of God who is the eternal procession of goodness and light. In Israel's sacrificial covenant, the triune God is perfect self offering; the eternal descent of the Father of Lights is the offering who is Son eternally received and hallowed in the one who is Spirit. Anchoring the theology of the Trinity in Israel's Scriptures in this way elevates the processions over the persons, exploring the mystery of the Divine Life as holy, rational and good. The Divine Persons named in the New Testament cannot be defined but may be glimpsed in the notion of perfection, a complete and perfect infinite set. In all these ways, the Holy Trinity may be praised as the deep reality of the life of God.

**The Living God** Thomas C. Oden, 1992-08-14 Required, indispensable and edifying reading. This book and books like it help us in the believing and living

of these days The Circuit Rider      **Systematic Theology; Volume 1** Miner Raymond, 2023      **Systematic Theology: Volume Two** Paul Tillich, 2013-12-27 The second volume of the eminent Christian philosopher's magnum opus in which he explores humanity's quest for Christ Paul Tillich's Systemic Philosophy is the most comprehensive and definitive presentation of his groundbreaking theological message his method of correlation which finds the answers to humanity's most urgent existential dilemmas in the principles of Christian revelation In volume two of this three volume work Tillich comes to grips with the central idea of his system the doctrine of the Christ Here Tillich describes the human predicament as the state of estrangement from ourselves from our world and from the divine Ground of Being This situation drives us to the quest for a new state of things in which reconciliation and reunion conquer estrangement This is the quest for the Christ      **Systematic Theology (Volume 3)** Douglas F. Kelly, 2021-11-05 Final volume in 3 part Systematic Theology set
