Tableau Classroom Training Manual:

Tableau Training Manual Version 9.0 Advanced Larry Keller, 2015-12-02 Now in its 6th edition with version 9.0 my goals remain the same to write this document through the eyes of the average and advanced users Early on the average Tableau user can be overwhelmed by the array of features and functions that repeatedly use menus or right click options to yet another set of choices This manual is intended for new users who range from days to a few months It was not written for those who seek Tableau Certification s or highly advanced users It does contain some lessons that introduce advanced material to enable the user to see what the future can be with Tableau The manual begins at a level geared to the average user and is written in simple language unaffected by a need to promote extraneous features I believe and our customers tell me that this manual provides the best examples and descriptions in a step by step process that is the most efficient way to learn about Tableau An array of Tableau Packaged Workbooks software examples complements the written word in the manual These Workbooks present the end result of following the lessons step by step

Tableau For Dummies Molly Monsey, Paul Sochan, 2015-10-14 Make your data work for you Tableau For Dummies brings order to the chaotic world of data Understanding your data and organizing it into formats and visualizations that make sense to you are crucial to making a real impact on your business with the information that s already at your fingertips This easy to use reference explores the user interface and guides you through the process of connecting your data sources to the software Additionally this approachable yet comprehensive text shows you how to use graphs charts and other images to bring visual interest to your data how to create dashboards from multiple data sources and how to export the visualizations that you have developed into multiple formats that translate into positive change for your business The mission of Tableau Software is to grant you access to data that when put into action will help you build your company Learning to use the data available to you helps you make informed grounded business decisions that can spell success for your company Navigate the user interface to efficiently access the features you need Connect to various spreadsheets databases and other data sources to create a multi dimensional snapshot of your business Develop visualizations with easy to use drag and drop features Start building your data with templates and sample workbooks to spark your creativity and help you organize your information Tableau For Dummies is a step by step resource that helps you make sense of the data landscape and put your data to work in support of your business
