The Psychedelic Gospels Jerry B. Brown, Julie M. Brown, 2016-09-15 Reveals evidence of visionary plants in Christianity and the life of Jesus found in medieval art and biblical scripture hidden in plain sight for centuries. Follows the authors' anthropological adventure discovering sacred mushroom images in European and Middle Eastern churches including Roslyn Chapel and Chartres. Provides color photos showing how R. Gordon Wasson's psychedelic theory of religion clearly extends to Christianity and reveals why Wasson suppressed this information due to his secret relationship with the Vatican. Examines the Bible and the Gnostic Gospels to show that visionary plants were the catalyst for Jesus's awakening to his divinity and immortality. Throughout medieval Christianity, religious works of art emerged to illustrate the teachings of the Bible for the largely illiterate population. What then is the significance of the psychoactive mushrooms hiding in plain sight in the artwork and icons of many European and Middle Eastern churches? Does Christianity have a psychedelic history? Providing stunning visual evidence from their anthropological journey throughout Europe and the Middle East, including visits to Roslyn Chapel and Chartres Cathedral, authors Julie and Jerry Brown document the role of visionary plants in Christianity. They retrace the pioneering research of R. Gordon Wasson, the famous sacred mushroom seeker on psychedelics in ancient Greece and India, and among the present-day reindeer herders of Siberia and the Mazatecs of Mexico. Challenging Wasson's legacy, the authors reveal his secret relationship with the Vatican that led to Wasson's refusal to pursue his hallucinogen theory into the hallowed halls of Christianity. Examining the Bible and the Gnostic Gospels

the authors provide scriptural support to show that sacred mushrooms were the inspiration for Jesus revelation of the Kingdom of Heaven and that he was initiated into these mystical practices in Egypt during the Missing Years They contend that the Trees of Knowledge and of Immortality in Eden were sacred mushrooms Uncovering the role played by visionary plants in the origins of Judeo Christianity the authors invite us to rethink what we know about the life of Jesus and to consider a controversial theory that challenges us to explore these sacred pathways to the divine Maledicta Reinhold Aman,1983 *The English Catalogue of Books ...: 1801-1836.
