INTRODUCTION

We congratulate you on choosing the TAG Heuer Calibre 5 Laptimer chronograph, and we thank you for your confidence.

The chronograph is fitted with an exclusive movement, the Calibre 5 developed by TAG Heuer. It is a world's first, offering three different modes:

- TIME mode displaying the date;
- CHRONO mode displaying 1/10th second and 1/100th second with optimal readability;
- BEST mode displaying the best time, with the lap number, as well as the times recorded on the other laps.

In selecting our Calibre 5 Laptimer you have opted for the ultimate in technical innovation, precision and endurance.

These high-performance sports criteria have been hallmarks of TAG Heuer's commitment to its craft since 1860.

With its long dedication to measuring time, this Swiss watchmaker has a number of technical patents to its name. This dedication has enabled TAG Heuer to become the Official Timekeeper at many major sporting events and the world leader in sports watches.

Each TAG Heuer timepiece is built to meet the most exacting requirements. The materials used in our watches make them exceptionally resilient, even when used under the most rigorous conditions, and very careful attention is paid to detail. Before a new TAG Heuer product is launched it is put through more than 60 precision and quality tests.

With its modern, innovative design, your new TAG Heuer chronograph combines tradition with technical achievement. We hope it will bring you complete satisfaction.

In 2015 the TAG Heuer is now pushing the limits on the new technology era with the TAG Heuer Connected.
