Letters from the Dead Isabella Valeri, 2025-05-27 This addictive debut novel takes us into an intoxicating world of old money privilege and family intrigue as a young heiress must return home from a decade long exile to face the powerful enemies arrayed against her including those within her own family For the first eleven years of her life the precocious daughter of a great European family tracing its roots back more than fifteen generations never set foot on land that her family didn't own Cloistered on a sprawling estate in the Alpine foothills as the youngest sibling of her generation she has little knowledge of the dark forces gathering in the shadows to strike at her family But when her insatiable curiosity leads her to uncover a priceless text hidden hundreds of years before she shines light into corners meant to be left in the dark and threatens to uncover secrets that could trigger an internecine battle for succession Then with no warning or explanation she is whisked away on a private jet and exiled to an elite but isolated all girls boarding school in the United States More than a decade later now in her twenties she finds her bank accounts abruptly frozen by her family She is recalled from her affluent but empty existence abroad Little does she know that her family has plans for her including an arranged marriage Worse as she draws closer to discovering the horrific act that sent her into exile a decade before and shadowy enemies close in on her family she must face her most dangerous and powerful foe her own father
