

A DECADE APART, YET BOUND BY LOVE –
CAN THEY MAKE THEIR SECOND CHANCE COUNT?

A woman with her eyes closed, wearing a white headscarf and a black dress with a white collar, is the central figure. She is surrounded by a lush garden of various flowers, including yellow lilies, orange lilies, pink daisies, and purple pansies. Two butterflies, one blue and one orange, are flying in the sky above her. The background is a soft, hazy landscape with a blue sky and white clouds.

The Letters of Vincent van Gogh Patrick Grant, 2014-05-01 When he died at the age of thirty seven Vincent van Gogh left a legacy of over two thousand artworks for which he was justly famous But van Gogh was also a prodigious writer of letters more than eight hundred of them addressed to his parents to friends such as Paul Gauguin and above all to his brother Theo His letters have long been admired for their exceptional literary quality and art historians have sometimes drawn on some of the letters in their analysis of the paintings And yet to date no one has undertaken a critical assessment of this remarkable body of writing not as a footnote to the paintings but as a highly sophisticated literary achievement in its own right Patrick Grant's long awaited study provides such an assessment and as such redresses a significant omission in the field of van Gogh studies As Grant demonstrates quite apart from furnishing a highly revealing self portrait of their author the letters are compelling for their imaginative and expressive power as well as for the perceptive commentary they offer on universal human themes Through a subtle exploration of van Gogh's contrastive style of thinking and his fascination with the notion of imperfection Grant illuminates gradual shifts in van Gogh's ideas on religion ethics and art He also analyzes the metaphorical significance of a number of key images in the letters which prove to yield unexpected psychological and conceptual connections and probes the relationships that surface when the letters are viewed as a cohesive literary product The result is a wealth of new insights into van Gogh's inner landscape
