Systemic Evil Samuel Martinez, 2015-01-11 Even in this day and age workplace discrimination based on race gender or age affects many Americans When such discrimination happens within government agencies it s all the more shocking When those who face discrimination are the very men and women tasked with protecting fellow Americans from crime someone must take a stand FBI Special Agent Bernardo Mat Perez fought back against bureaucratic FBI officials after witnessing and being subjected to bias prejudice and discrimination He gathered 310 other Hispanic FBI agents and filed a discrimination lawsuit that ended in a landmark decision in favor of the agents Despite intimidation false information and a culture of strict loyalty the Hispanic agents proved their collective case and the transparent changes improved the job satisfaction security and advancement prospects for all FBI agents and Hispanic law enforcement officers throughout the United States Samuel C Martinez joined Perez s lawsuit His new book Systemic Evil is an expos of the FBI s good ol boy discrimination against Hispanic agents The book meets an intellectual challenge to the discussion of discrimination and reminds us of the realities of prejudice in America as well as the power of collective will to make positive changes
