Michel Dion, Moses Pava, 2022-10-20 This book provides a constructive criticism of the emerging practice of conscious capitalism from the perspective of world religions and spiritualities Conscious capitalism to many of its adherents represents an evolutionary step forward beyond the dominant neo liberal paradigm where it often appears that just about everything is for sale Is conscious capitalism consistent with the values inherent in religious and spiritual world views and does it provide a better fit for bringing out the best that business has to offer This book answers these questions and many more An appealing read for researchers in business ethics as well as any reader critical of the excrescences of capitalism Tafseer Ibn Kathir

Islam and the Infidels David Bukay,2017-07-12 This book discusses Islam its relationship with the world and how Muslims perceive the world and their role within it Using Islamic scriptures and the works of important Muslim clerics the author explores the Islamic notion that Muslims represent the best of humanity and as such have the duty and the right to propagate

their faith throughout the world by any means including violence Islam and the Infidels warns of the dangers Muslim immigration poses to free societies Using a diplomacy of deceit Islamists immigrate to Western societies Having done so they establish closed ethnic communities that are estranged from their host countries and are breeding grounds for native born malcontents who may attack and destroy Western nations from within The author is especially critical of Western apologists who not only pretend that Islam is not inherently aggressive and dangerous but also denigrate those who point out the threat to liberal values posed by fundamentalist Islamic ideology Bukay argues that to meet the Islamic threat the West must understand Islam s true nature and the best way of doing so is by analysing its scriptures and history Bukay argues that Western societies should embrace the Judeo Christian tradition which is the root of their cultural heritage In light of the mounting Muslim threat to liberalism in Western societies citizens should resist oppressive Islamic practices and doctrines rather than accept them
