Take My Chances:

I'll Take My Chances Gary Turner, 2018-05-25 Evil had to be defeated and he had a responsibility to help Now it was too late to do anything but spend the lives of millions of young men to defeat this new Dark Age The mountains were witness to Sidney's determination to stand tall against the darkness Those mountains have always been there They can be my memorial if I don't come back This family story spans five generations through the Indian Wars of the Dakotas and Montana both world wars and Vietnam It speaks to the heartbreak war often brings when young men roll the dice to answer the call of duty The story weaves tales of separation unrequited love intense romance and devotion to promises and honour At its heart this is an anti war story that illustrates how family can be devastated by conflict while also speaking to the healing of spirit that passes from one generation to the next

Silly and Serious Amber Shaw, 2010-02-15 This book Silly and serious is the first of 3 that I have in mind to start out with This book contains a compilation of the poetry that I have written It is only a small amount considering what is yet to be published but it is a start I titled my book Silly and Serious because that is what it is I have some silly very imaginative and plain out right goofy nonsensical poetry Then I also have some deep thoughtful and symbolic poetry I want to bring them together so a reader can experience a mixture of emotions instead of dwelling on a single emotion The poetry is not limited to my newest material this book as well as any other I write will have poetry from several years ago to some very recent material I've decided to include I have included the

dates when I wrote my poetry as a chronological tool because my writing style has transformed a bit and broadened over the years It is a work of art creativity passion and love It contains joy sorrow love anguish hope and a vague sense of longing for something more My ability to rhyme keep rhythm and produce a piece of literature are all things I really like and that will be evident in this book I also use my creative license when forming a stanza I take into consideration what the poem will look like on the page and how it will relay the message Do not look for your standard format of poetry and stanza formation In a way each poem will bear uniqueness to a certain extent and begs for your ability to interpret arrangement in order to find the full meaning like in my poem line for line If you skim this poem you will not understand it You must do as the title says and read each line as if it was its own independent sentence Each stanza in this particular poem has a completed theme that comes together with all stanzas for the overall statement of the poem Some of my poems tell fictional stories my others have strait forward messages about life but they are written in similes and metaphors so they are not literally straightforward but the underlying message is there Please do not be intimidated it is not hard to understand my poetry If you are looking for poetry that is different from most out there you have found it I live inspired I live for God Thank you for your interest
