Abducted Diana Riddle,2016-10-01 Download for FREE with Kindle Unlimited This is a 8 000 words EROTIC stand alone story with an HEA so no cliff hangers Anka learns when he is eighteen that he has been a part of a program from a foreign planet in order to learn more about Earth While he seems to be a teenager living a normal life he is actually from the planet Pern He is expected to come back to Pern and become a minister to the planet he was raised on He is taken under Marla s wing when he gets to Pern and she shows him the ropes Pernese don t feel emotions like humans They feel it is humans greatest weakness Only there is a problem Marla begins to feel She falls hopelessly in love with Anka But as Anka has so fully assimilated into Pernese culture will he return her feelings

EXCERPT FROM BOOK Now we have a lot to cover so let s get started I suppose the best place to begin is why you are here You have always been meant to return here after seventeen years You were brought to Earth when you were a year old to become an ambassador to and historian of Earth for Pern You are a part of a program that gives babies to humans as gifts and then takes them back when they are of age using them for the information they have learned That s terrible Anka said Yes well we didn t quite realize how humans would feel about this at the time the project was started There have been a few issues Some parents like yours have gotten fairly attached to the Pernese children and don t exactly want to give them back And you didn t know that was going to happen The Pernese are a different sort of creature than humans who inhabit the earth We look the same to me Anka said rather obviously What s the difference other than the fact that we re green There is a biological difference For instance emotional spectrums are vastly different You may have noticed that your parents are endlessly hyperbolic in regards to how they feel about you They are not being hyperbolic They actually feel that way Wow Anka said I never knew that But I m fond of them as well Yes well we have found that Bernese who come out of this program are a tad different from the rest of us There seems to be some kind of effect You become a bit more like them from growing up with them Of course you are Bernese at heart so you will adapt Although as I told you you won t be kept from them You will be able to go back and see them Doesn t the fact that we are affected kind of change your theory about differences in biology Doesn t it mean we can change he said With all due respect of course

A Curious Eve E J Bertel,2018-11-19 An innocent woman finds herself aboard a strange cruise ship and learns she is part of a curious extraterrestrial event called the Greeting The Greeting was to be the penultimate alien experiment in the study of human sexual relationships and religious discovery but Charlie instead finds herself engulfed in an orgy of sexual

desire and violence aboard the ship As her adventures unfold Charlie finds herself transformed from someone's subservient wife into something quite different and alien even to herself Charlotte Charlie awakens and finds herself alone aboard a curious cruise ship She retains only the faintest memory of a vicious quarrel she had with her womanizing and gambling husband Bradley Unsure why she is on the cruise ship in the first place she goes in search in hopes of unraveling the mysteries aboard what appears to be a normal everyday cruise ship Isolated and at sea she and two thousand other people appear to be cut off from the rest of humanity In her journeys she meets Steve an attractive if not somewhat restless young black man who is finding it hard to adjust to life aboard the alien cruise ship Like her Steve has no idea how he got onboard the ship never mind signing up alone for such a cruise Events take an even more curious turn when Charlie meets the Epicoids strange looking creatures seemingly in command of the cruise ship and her destiny They are tall seemingly asexual creatures whose human appearance belies their power and technology She becomes friends with an alien named Jawara a paradoxical creature that has a curious fixation on her Ze finds the attractive ginger tasty in an entirely sexual way Charlie is about to discover that the aliens asexual appearance obscures their appetite for both casual bi sexuality and orgies Charlie's close encounter is about to become a sexual encounter with the aliens and a handsome black man despite the protestations of her husband and the religious zealots aboard the ship All of Charlie's erotic adventures take place against the backdrop of the alien Greeting A harmonious erotic liaison filled with good intentions the Greeting soon goes awry as darker and more sinister forces in the form of the evil Sentinels begin to manipulate humans and Epicoids alike All soon learn that the Greeting is much more than a simple experiment when the Sentinels make obvious their disdain for the primitive humans and alien fraternization In her adventures Charlie will learn of the Red Avatar and the strange alien cult associated with this sexual messiah myth The companion novel to Curious Eve is Curious Eve Musings a raucous insider's retelling by the author on how he wrote this sci fi novel with help of his polyamorous muse Be sure to visit www.CuriousEve.com and <https://www.amazon.com/Curious-Eve-Musings-Plain-Vanilla-ebook/dp/B07KQKT3M2> for more about the novel and the companion novel Warning If you have delicate sensibilities please keep in mind this novel contains adult humor adult language adult violence and adult sexuality while also being LGBTQ friendly
