his lifetime Robert Friedmann's *Design for Living* asks that pertinent existential question how should we live Drawing on literary philosophical and theological sources Friedmann's answer begins with a critique of utilitarian ethics and popular apathy and proceeds through an existential preparation that ascends in confessional style to the question of the meaning of human life culminating in a fourfold set of principles regard concern service and love Along the way Friedmann's critical eye remains clearly fixed on his object of study lived experience and not abstract principles detached from day to day life and he intentionally guides his reader step by step up the mountain of spiritual and ethical inquiry in a deliberate and serious attempt to educate the heart mind and soul At once accessible and scholarly while troubling our contemporary divide between religion and the secular *Design for Living* presents a rare vision of human meaning and purpose that will appeal to scholarly and public readers alike

God's Grand Design William R. Arnold,2021-06-30 God s Grand Design By William R Arnold Edited by Ms Aurora Payad Arnold God s Grand Design is to restore mankind to its original state of sacred perfection after Adam and Eve fell and created the original sin of disobedience hiding and lying to the Lord When God cursed the serpent for tempting Adam and Eve to be like God he promised to send his only begotten Son to save humanity He did via the incarnate word in the womb of the immaculately conceived Virgin Mary God wants to be man and receive a new body to defeat death through Jesus Christ Man wants to become God to receive eternal life Man s journey to become God starts from being an ignorant baby gaining knowledge to a cowardly teenager obtaining courage to an adult converting greed to generosity to a wise man changing selfishness to unselfishness and at last to a free man able to think for himself in eternal service to God in his kingdom The journey requires him to know right from wrong good from evil and God s will from man s will and thus defeat evil worldly temptations and demonic possession Through Christ God and man are destined to become one through three advents making the God Man Christ into the new human spirit blessings Then the Man God Jesus becomes the new human flesh to make all things perfect in the sight of God Jesus Christ came as a priest on a donkey to decode the Torah bring knowledge and remove blindness to defeat sin By his death and resurrection he granted free redemption to man s flesh to give him a new body The second coming of Jesus Christ as thief in the night will bring awakening to remove deafness by teaching God s truths to defeat evil As a just judge on a cloud on his third advent the Lord will remove mankind s dumbness to defeat death And then man can become worthy of receiving God s rewards of paradise in heaven or heaven on earth

Jesus is the radical revelation of God's love His message though very simple is revolutionary He simply reveals and reduces the claim of God to one word Love To live only at the level of rules and regulations is to miss the essence and the message of God We each know how good and necessary it is to be loved and to love However we are called to mature in love Only as we mature and grow in love will we move beyond mere definitions or descriptions of love into the vital reality of the love that gives and sustains life Love truly is the Heartbeat of the Christian life This radical revolution of love is essential to the church without it the church is just another organization but with love mature radical love she truly becomes the living expression of God's love Love The Heartbeat of Christianity is about a journey of discovering and maturing in the Love of God Enjoy the journey
