The Africanist Aesthetic In Global Hip Hop:

The Africanist Aesthetic in Global Hip-Hop H. Osumare, 2016-09-23 Asserting that hip hop culture has become another locus of postmodernity Osumare explores the intricacies of this phenomenon from the beginning of the Twenty First century tracing the aesthetic and socio political path of the currency of hip hop across the globe [Dark Matter in Breaking Cyphers](#) Imani Kai Johnson, 2023 The dance circle called the cypher is a common signifier of breaking culture known more for its spectacular moves than as a ritual practice with foundations in Africanist aesthetics Yet those foundations evident in expressive qualities like call and response the aural kinesthetic the imperative to be original and more are essential to cyphering's enduring presence on the global stage What can cyphers activate beyond the spectacle What lessons do cyphers offer about moving through and navigating the social world And what possibilities for the future do they animate With an interdisciplinary reach and a riff on physics author Imani Kai Johnson centers the voices of practitioners in a study of breaking events in cities across the US Canada and parts of Europe **Dark Matter in Breaking Cyphers** the Life of Africanist Aesthetics in Global Hip Hop draws on over a decade of research and provides a detailed look into the vitality of Africanist aesthetics and the epistemological possibilities of the ritual circle **Hip Hop's Inheritance** Reiland Rabaka, 2011-01-01 Hip Hop's Inheritance arguably offers the first book length treatment of what hip hop culture has literally inherited from the Harlem Renaissance the Black Arts movement the Feminist Art movement and 1980s and 1990s postmodern aesthetics By comparing and contrasting the major motifs of the aforementioned cultural aesthetic traditions with those of hip hop culture all the while critically exploring the origins and evolution of black popular culture from antebellum America through to Obama's America Hip Hop's Inheritance demonstrates that the hip hop generation is not the first generation of young black and white folk preoccupied with spirituality and sexuality race and religion entertainment and athletics or ghetto culture and bourgeois culture Taking interdisciplinarity and intersectionality seriously Hip Hop's Inheritance employs the epistemologies and methodologies from a wide range of academic and organic intellectual activist communities in its efforts to advance an intellectual history and critical theory of hip hop culture Drawing from academic and organic intellectual activist communities as diverse as African American studies and women's studies postcolonial studies and sexuality studies history and philosophy politics and economics and sociology and ethnomusicology Hip Hop's Inheritance calls into question one dimensional and monodisciplinary interpretations or rather misinterpretations of a multidimensional and multivalent form of popular culture that has increasingly come to include cultural criticism social commentary and political analysis **The Oxford Handbook of Dance and the Popular Screen** Melissa Blanco Borelli, 2014-07-01 The Oxford Handbook of Dance and the Popular Screen sets the agenda for the study of dance in popular moving images films television shows commercials music videos and YouTube and offers new ways to understand the multi layered meanings of the dancing body by engaging with methodologies from critical dance studies performance studies and film media analysis Through thorough engagement

with these approaches the chapters demonstrate how dance on the popular screen might be read and considered through bodies and choreographies in moving media Questions the contributors consider include How do dance and choreography function within the filmic apparatus What types of bodies are associated with specific dances and how does this affect how dance is perceived in the everyday How do the dancing bodies on screen negotiate power access and agency How are multiple choreographies of identity e g race class gender sexuality and nation set in motion through the narrative dancing bodies and or dance style What types of corporeal labors dance training choreographic skill rehearsal the constructed notion of natural talent are represented or ignored What role does a specific film have in the genealogy of Hollywood dance film How does the Hollywood dance film inform how dance operates in making cultural meanings Whether looking at Bill Bojangles Robinson's tap steps in *Stormy Weather* or Baby's leap into Johnny Castle's arms in *Dirty Dancing* or even Neo's backwards bend in *The Matrix* the book's arguments offer powerful new scholarship on dance in the popular screen

English as a Local Language Christina Higgins, 2009-07-08 When analyzed in multilingual contexts English is often treated as an entity that is separable from its linguistic environment It is often the case however that multilinguals use English in hybrid and transcultural ways This book explores how multilingual East Africans make use of English as a local resource in their everyday practices by examining a range of domains including workplace conversation beauty pageants hip hop and advertising Drawing on the Bakhtinian concept of multivocality the author uses discourse analysis and ethnographic approaches to demonstrate the range of linguistic and cultural hybridity found across these domains and to consider the constraints on hybridity in each context By focusing on the cultural and linguistic bricolage in which English is often found the book illustrates how multilinguals respond to the tension between local identification and dominant conceptualizations of English as a language for global communication

Shifting Perceptions of Migration in Senegalese Literature, Film, and Social Media Mahriana Rofheart, 2013-12-19 In *Shifting Perceptions of Migration in Senegalese Literature Film and Social Media* Mahriana Rofheart proposes a revised understanding of Senegalese migration narratives by asserting the importance of both local and global connections in recent novels hip hop songs and documentary videos Much previous research on migration narratives in French from Africa has suggested that contemporary authors often do not consider their countries of origin upon departure and instead focus on life abroad or favor a global perspective Rofheart instead demonstrates that today's Senegalese novelists and hip hop artists whether living in France or Senegal express connections to communities both in Senegal and abroad to cope with the traumatic experience of emigration and return Ultimately Rofheart asserts that Senegalese national identity remains significant to the way these authors and artists respond to migration In her examination of novels in French hip hop songs in French and Wolof and online documentaries as well as the social and economic currents that influence the texts production and circulation Rofheart engages with scholarship on transnationalism postcolonialism popular culture and new media studies The study's initial chapters address well known works from the mid twentieth century including Cheikh Hamidou Kane's *Ambiguous Adventure* as well as the films of Ousmane Sembène and Djibril Diop Mambéty This book then demonstrates how novelists such as Aminata Sow Fall and Fatou Diome as well as hip hop artists including Simon and Awadi break with previous tragic depictions of migration in novels and films to present successful responses to the contemporary context of frequent emigration from Senegal
