The African American St:

Discovering African American St. Louis John Aaron Wright, 2002 African Americans have been part of the story of St Louis since the city's founding in 1764. Unfortunately, most histories of the city have overlooked or ignored their vital role, allowing their influence and accomplishments to go unrecorded or uncollected. That is, until the publication of *Discovering African American St. Louis: A Guide to Historic Sites* in 1994. A new and updated 2002 edition is now available to take readers on a fascinating tour of nearly four hundred African American landmarks. From the boyhood home of jazz great Miles Davis in East St. Louis, Illinois, to the site of the house that sparked the landmark *Shelley v. Kraemer* court case, the maps, photographs, and text of *Discovering African American St. Louis* record a history that has been neglected for too long. The guidebook covers fourteen regions east and west of the Mississippi that represent St. Louis's rich African American heritage. In the words of historian Gary Kremer, "No one who reads this book and visits and contemplates the places and peoples whose stories it recounts will be able to look at St. Louis in the same way ever again." **Lift Every Voice and Sing** Ann Morris, 1999 Profiles of 100 prominent African Americans of St. Louis reveal challenges faced by Blacks throughout the 20th century. Men and women from fields including medicine, education, music, journalism, and business relate their experiences of racism, obstacles they overcame in their professions, and lessons that life has taught them. An introduction paints a picture of 100 years of the city's history. The book includes portraits of each person profiled by Wiley Price, a prizewinning photojournalist for the St. Louis American. Wesley and Morris are affiliated with the Western Historical Manuscript Collection at the University of Missouri. St. Louis. The unique demography of Mexican, German, Anglo, and African Americans, a service-based economy of hotels, restaurants, and saloons, and campaigns by white civic leaders to make San Antonio the premier commercial and vacation center of the Southwest nurtured a political machine that intended to keep Blacks in their place. This resulted in an assortment of Jim Crow laws, restrictive employment opportunities, and segregated schools, parks, and municipal services, albeit without mob lynching and racial violence. This paternal brand of racism resulted in the rise of one of the most powerful Black political bosses of his time, Charles Bellinger. Challenges from conservative white reformers and disgruntled Black civil rights advocates failed to dislodge the hold Bellinger's machine had on the Black community and the city until the Great Depression. By examining employment, education, politics, and socio-cultural activities that contributed to the city's unique race relations, the study takes a hard look at whether separate but equal ever became a reality in San Antonio. *The African American Church in Birmingham, Alabama, 1815-1963* Wilson Fallin, 1997 This book offers a

comprehensive history of the African American church in a community which played a crucial role in the civil rights movement While the church in Birmingham was indeed a spiritual community it was also the central institution in the African American community at large providing leadership as well as economic political and social functions in a segregated racist society This historical analysis begins in the period of slavery with the development of a particularly African American version of Christianity from the merging of African and white evangelical religions As African Americans moved to Birmingham from the black belt of Alabama they formed churches which were spiritual communities where African Americans sought hope security moral discipline and self esteem in the face of racism and segregation In addition the study illustrates how churches established institutions that met educational benevolent and economic needs The study concludes with a look at the leadership provided by churchmen in the civil rights movement who brought Martin Luther King Jr to the city for massive civil rights demonstrations Ph D dissertation University of Alabama 1995 revised with new preface foreword introduction afterword
