Many Lives of Russell Brand Natasha Tristan, English stand up comedian actor and presenter Russell Edward Brand shot to popularity in the 2000s thanks to his extravagant excessively talkative demeanor He has starred in several British and Hollywood films hosted many television radio and podcast shows and enjoyed enormous success on the road He has also contributed his voice to numerous left leaning political campaigns since the middle of the 2010s Russell Brand transitioned from being a comedian to a serious political commentator He has an awakening persona People get the impression that he is very sincere and doesn't pay any attention to how he comes across as long as he is taken as the original The coherence of his argument is less significant than the tremendous pleasure he takes from being able to speak smoothly and almost incantatory about how dreadful the media and other evil actors are because he is so intelligent voluble and full of things to say Brand who has been variously characterized as provocative and indisputably talented made the most of every perception in order to rise to the top of the worldwide comedy industry
