John's Guide to Ulysses John Salinsky,2022-06-09 I guess you must have heard of James Joyce s famously impossible novel Ulysses or you wouldn t be reading this You may have had a go at the book but soon given up probably in the third episode which is quite challenging You may have bought a guide to Ulysses and found that was quite hard to understand too I have been reading and studying Ulysses on and off since I first discovered it in my parents bookcase at the age of 12 Later on I looked at some of the guides

to the book and found them a bit overwhelming too So I decided to write my own book It doesn't go into all the detailed references but there is enough explanation to let you understand a lot and enjoy everything Some of the characters will stay in your mind like friends for life You will find much of it poetic and moving You will also find yourself laughing out loud because *Ulysses* is full of jokes and comical events So go and buy the Penguin paperback edition along with John's Guide And let's get started

Reading Cultures Molly Abel Travis, 1998 Molly Abel Travis unites reader theory with an analysis of historical conditions and various cultural contexts in this discussion of the reading and reception of twentieth century literature in the United States Travis moves beyond such provisional conclusions as the text produces the reader or the reader produces the text and considers the ways twentieth century readers and texts attempt to constitute and appropriate each other at particular cultural moments and according to specific psychosocial exigencies She uses the overarching concept of the reader in and out of the text both to differentiate the reader implied by the text from the actual reader and to discuss such in and out movements that occur in the process of reading as the alternation between immersion and interactivity and between role playing and unmasking Unlike most reader theorists Travis is concerned with the agency of the reader Her conception of agency in reading is informed by performance psychoanalytic and feminist theories This agency involves compulsive reiterative performance in which readers attempt to find themselves by going outside the self engaging in literary role playing in the hope of finally and fully identifying the self through self differentiation Furthermore readers never escape a social context they are both constructed and actively constructing in that they read as part of interpretive communities and are involved in collaborative creativity or what Kendall Walton calls collective imagining
