Measuring What Counts Joseph E. Stiglitz, 2019-11-19 A bold agenda for a better way to assess societal well being by three of the world's leading economists and statisticians If we want to put people first we have to know what matters to them what improves their well being and how we can supply more of whatever that is Joseph E Stiglitz In 2009 a group of economists led by Nobel laureate Joseph E Stiglitz French economist Jean Paul Fitoussi and Nobel laureate Amartya Sen issued a report challenging gross domestic product GDP as a measure of progress and well being Published as *Mismeasuring Our Lives* by The New Press the book sparked a global conversation about GDP and a major movement among scholars policy makers and activists to change the way we measure our economies Now in *Measuring What Counts* Stiglitz Fitoussi and Martine Durand summarizing the deliberations of a panel of experts on the measurement of economic performance and social progress hosted at the OECD the international organization incorporating the most economically advanced countries propose a new beyond GDP agenda This book provides an accessible overview of the last decade's global movement sparked by the original critique of GDP and proposes a new dashboard of metrics to assess a society's health including measures of inequality and economic vulnerability whether growth is environmentally sustainable and how people feel about their lives Essential reading for our time it also serves as a guide for policy makers and others on how to use these new tools to fundamentally change the way we measure our lives and to plot a radically new path forward

Measure up Mr. Thomas F Alexander, Ms. Claudia H Dziobek, Mr. Marco Marini, Eric Metreau, Mr. Michael Stanger, 2017-02-02 To derive real GDP the System of National Accounts 2008 2008 SNA recommends a technique called double deflation Some countries use single deflation techniques which fail to capture important relative price changes and introduce estimation errors in official GDP growth We simulate the effects of single deflation to the GDP data of eight countries that use double deflation We find that errors due to single deflation can be significant but their magnitude and direction are not systematic over time and across countries We conclude that countries still using single deflation should move to double deflation

MECHANISM MINING OF INTERNATIONAL COMPARISON Dong Qiu, 2023-01-02 The comparison between international purchasing power and real GDP is very important to the judgment of national power and is the main content of national economic statistics Although the ICP has experienced more than 50 years its methodological research should continue This book gives the research pattern namely ICP logic diagram and puts forward more than 50 methodological issues to be considered The pure price ratio assumption and equal price ratio assumption and their impact on the ICP data results are analyzed It also reviews the important literatures on the recent ICP especially pointing out that the ICP data results have the measurement risk of anti basic facts This book traces back to Ryten Report and explores the

principles of spatial economic comparison and the corresponding basic concepts of economics Emerging Market Heterogeneity Mr.Zhongxia Zhang, MissYuan Gao, 2015-07-15 This paper studies growth patterns in Emerging Market Economies EMs from the perspective on clusters and taxonomies First it documents developments over the past five decades in EMs and uses a cluster analysis to better understand convergence and the investment growth nexus Second it looks at the performance of EMs since 2000 and develops a taxonomy to classify countries according to their factor endowments as well as their real and financial external linkages The taxonomy offers insights on growth dynamics pre and post the global financial crisis Results highlight the high degree of heterogeneity in EMs and the need for more granular and targeted near and long term policy advice **National Accounts, 1982** Organisation for Economic Co-operation and Development (OECD) Staff, Organization for Economic Cooperation & Development, 1982 **Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)** Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **National Accounts** ,1983 Includes for each country final consumption expenditures capital formation government outlays social security funds and accounts for state and local government **The Economist** ,1898 Monthly Digest of Statistics ,2016 Publications Office for Official Publications of the European Communities, 1985 **National Accounts of OECD Countries.
