Une Si Longue Nuit:

Totalitarianisms: The Closed Society and Its Friends. A History of Crossed Languages Juan Francisco Fuentes, 2019-04-29
It is striking that the main political concept coined by the century of democracy has been totalitarianism. Since its birth in fascist Italy in the 1920s, the term has made a long journey throughout different countries and periods. After representing the fascination for dictatorships during the interwar years, totalitarianism became a key concept of the war of words waged between democracy and communism until the fall of the Berlin Wall. It was a hot word for a Cold War as termed by the author of this book to convey the importance of this contest of crossed languages which also included images, symbols and other forms of *sensu* propaganda. *The Closed Society and Its Friends* highlights the role played by language in the building of a dystopian civilization conceived as an alternative to the open society created by liberalism. The book analyses the dimension of totalitarianisms from fascism and Nazism to communism as political religions with some common features such as the cult of personality and the conception of society as a community of believers. This fascinating essay on the dark side of the 20th century ends with a disturbing epilogue. Is totalitarianism back? **Compass - Comparative Literature in Africa** Maduka, Chidi T., Ekpo, Denis, 2016-03-07 This is a commemorative volume devoted to the late Professor Willfried F. Feuser, a literary icon and a comparatist of no mean repute. Though German by origin, Professor Feuser showed great concern for the Africanist agenda of self-realisation and therefore devoted the greatest part of his productive academic life to the cultural revival and socio-economic emancipation of Africa and the Diaspora through his scholarly publications. This book contains 20 essays on a wide range of issues in literary criticism. **Beyond Totalitarianism** Michael Geyer, Sheila Fitzpatrick, 2009 These essays rethink the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond outdated twentieth-century models of totalitarianism, ideology and personality. They offer a new understanding of the intertwined trajectories of socialism and nationalism in European and global history. *Musae Reduces, Volume 2* Pierre Laurens, 2023-03-27 The print edition is available as a set of two volumes 9789004044968 **Cours de littérature** Félix Marie Hémon, 1895 **Sur la divinité de Jésus-Christ** Hilaire de Lacombe, 1907 Le baron Bernard Camille Jacob Ferrier, 1900 Le Correspondant, 1883 **Autour du Mont-Blanc étapes de la caravane minimoise, Août 1882** Pierre Bauron, 1883 **Courses dans les Alpes** P.
