The Toulmin model is made up of six elements. The elements include: claim, ground, warrant, backing, rebuttal, and qualification. Qualification provides the specifications outlining limits to a claim, backing and warrant. Rebuttal represents exceptions due to a claim. This is represented by counter-examples and counter arguments. Backing is offering support to justify a position.

[7] As a Christian, ensuring good quality of life is a desirable attribute. This is grounded on the fact that each individual is entitled to a good life. If the pursuit of Christianity is to ensure good life and environmental destruction works against this goal, then Christians are bound to take action.

Environmental destruction alters the quality of life adversely by affecting various aspects in the life of people. To begin with, environmental pollution h
