Behavioral Science & Policy: Volume 3, Issue 2 Craig R. Fox, Sim B. Sitkin, 2018-06-19 The success of nearly all public and private sector policies hinges on the behavior of individuals groups and organizations Today such behaviors are better understood than ever thanks to a growing body of practical behavioral science research However policymakers often are unaware of behavioral science findings that may help them craft and execute more effective and efficient policies The pages of this new journal will become a meeting

ground a place where scientists and non scientists can encounter clearly described behavioral research that can be put into action By design the scope of Behavioral Science Policy is broad with topics spanning health care financial decisionmaking energy and the environment education and culture justice and ethics and work place practices Contributions will be made by researchers with expertise in psychology sociology law behavioral economics organization science decision science and marketing The journal is a key offering of the Behavioral Science Policy Association in partnership with the Brookings Institution The mission of BSPA is to foster dialog between social scientists policymakers and other practitioners in order to promote the application of rigorous empirical behavioral science in ways that serve the public interest BSPA does not advance a particular agenda or political perspective **Volkswagen Fox** Bentley, Robert, Inc. Staff,1992-01-01 The Language of Mass Shooter Manifestos Emily Powell,2025-05-30 Bringing together scholarship from corpus linguistics forensic linguistics and criminology this book offers a nuanced exploration of moral agency in the pre crime narratives of offenders The volume seeks to complement existing literature in forensic linguistics which often explore criminal narratives elicited after the crime with the benefit of hindsight by examining texts written in the midst of events Analyses draw on a corpus of over 200 000 words of manifestos and diaries written by four lone attackers who perpetrated mass shootings and put together accounts of their lives and the preparation for their crimes Incorporating stylistic approaches to non fiction texts with those from corpus linguistics Powell explores the ways in which these texts influence perpetrators and future offenders and more broadly the role of narrative as it relates to harmful actions A closing section includes a taxonomy of moral agency which may serve as the foundation for future research on understanding agency responsibility and offending from a linguistic perspective This book will be of interest to scholars in forensic linguistics corpus linguistics stylistics and criminology
