

IMPORTANT INFORMATION

Please inform and provide a copy of this document to every person in your dealership with campaign-related responsibilities, including Service, Parts and Accounting personnel. By law, dealers must comply prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety. If you have questions regarding this or any other campaign, please call

Recall Circular

Code: **26E5/R5**

Subject: **1999-2005 Passat & Passat Wagon (5th Generation)**

Equipped With Gas Engine

Install Underbody Heat Shield(s); Inspect/Replace

Fuel Line, Fuel Tank; Update Software, if Necessary

REVISED

June 19, 2008

Revision Summary

- Criteria Code Contents table updated - p. 2
- SAGA Claim Entry Procedure charts revised - pp. 3-8
- Added exhaust clamps (if needed) to heat shield replacement parts - p. 15
- Added criterion selection instruction - p. 17
- Rear alignment required - p. 43

Problem Description

The affected vehicles with automatic transmissions may have an underbody heat shield that can become damaged. If a damaged heat shield contacts the exhaust system there is a risk of fire.

Also, some 4Motion all-wheel drive vehicles can have a fuel tank ventilation valve that can leak due to fracture. Additionally, some manual and automatic transmission vehicles equipped with a 1.8T engine can have a fuel line that may fracture and leak. A fuel leak from a fuel line or fuel tank ventilation valve, in the presence of an ignition source, can lead to a vehicle fire.

Corrective Action

Dealers will install additional underbody heat shields to cover the possibly damaged areas and flash the 1.8T engines with a precautionary software update.

Additionally, dealers will inspect the fuel line routing on 1.8T vehicles and adjust the routing if necessary. Dealers will also inspect the fuel tank ventilation line and valve on 4Motion all-wheel drive vehicles to verify that the line is free of tension. Components will be replaced if necessary.

VIN Range & Production Date of Affected Vehicles

U.S.A.

(Emden)

(Mosel)

WWW___3B_XP489411 - WWW___3B_5P060354

Production date: June 1999 – May 2005

NOTE: Check ElsaWeb on the day of repair to verify vehicle eligibility and attach the screen print to the repair order. This is the only valid campaign inquiry and verification source. Some vehicles may be involved in an additional action(s); any additional work can be done while the vehicle is in for this action.

Allocation Report of Affected Vehicles

In the Service Manager's Package, dealers with affected vehicles will receive a report containing the VIN, customer name, city, state and zip code. Dealers will not receive a report if they have no affected vehicles.

Parts Information and Allocation

Dealers will receive an allocation list for the V6 and V8 cars, followed up at a later date with one for the 1.8T vehicles. You have already received an initial allocation of parts. Ensure that these parts are inventoried in a secure manner and are used **ONLY** for this campaign. If you have exhausted your allocated parts for vehicles affected by this safety recall, but have exceeded your weekly Upper Order Limit, please submit your requests for additional material via email to upperorderlimits@vw.com.

Owner Notification Mailing

Via first-class mail, owner notification will begin on or about June 13, 2008, using a staggered approach starting with V6 and V8 vehicles. The 26E5 service number will begin showing open on affected V6 and V8 vehicles on or about June 13, 2008. The 1.8T vehicles will show open at a later date. A sample copy of the owner letter is enclosed.

Claim Entry Procedure

Immediately upon completion of the repair work, enter the correct criteria code from one of the charts on the following pages. The applicable criteria code will be reflected in ElsaWeb. Claims will only be paid for vehicles that show this campaign open in ElsaWeb on the day of the repair. To help ensure prompt and proper payment, attach the screen print to the repair order.
