Shakespeare's Domestic Tragedies Emma Whipday,2019-01-03 Domestic tragedy was an innovative genre suggesting that the lives and sufferings of ordinary people were worthy of the dramatic scope of tragedy In this compelling study Whipday revises the narrative of Shakespeare s plays to show how this genre together with neglected pamphlets ballads and other forms of cheap print about domestic violence informed some of Shakespeare s greatest works Providing a significant reappraisal of Hamlet Othello and Macbeth the book argues that domesticity is central to these plays

they stage how societal and familial pressures shape individual agency how the integrity of the house is associated with the body of the housewife and how household transgressions render the home permeable Whipday demonstrates that Shakespeare not only appropriated constructions of the domestic from domestic tragedies but that he transformed the genre using heightened language foreign settings and elite spheres to stage familiar domestic worlds [Crown of Life](#) G Wilson Knight,2014-05-12 First published in 2002 This book is a collection of essays on the interpretation of Shakespeare s final plays and includes works on Pericles A Winter s Tale Cymbeline The Tempest and Henry VIII *Shakespeare's Plays* William Shakespeare,1847 **Shakespeare's Sugared Sonnets** Katharine M. Wilson,2021-03-30 In the course of some research into the musical element in English poetry Dr Wilson read the work of the Elizabethan sonneteers chronologically and was struck by a suspicion that Shakespeare s sonnets were parodies Later she carried out a more thorough investigation and this book originally published in 1974 is the product her early impressions had been justified beyond all expectation Her investigation involved examining the background of each of Shakespeare s sonnets and this in itself is a contribution to scholarship A surprising number of them are shown to be direct parodies of particular sonnets all of them guy the sonnet convention and the more difficult ones are easily explained by this hypothesis Fresh correspondences between Shakespeare and his predecessors have come to light and his relationship with them is seen to be mocking This is demonstrated in his borrowings from Ovid also while the opening seventeen sonnets gain point as parody of Erasmus on marriage The book opens with a short note on the origin of the sonnet in song chivalric love and Plato The sonnet theme in Shakespeare s early comedies is treated freshly and the author throws light on the plays from a new angle In the final chapter among other themes the implication of dating is considered and here too some new material is discussed However Dr Wilson is aiming at a wider readership than that of scholars alone She has a view of Shakespeare as a young man catering for young man laughter as she puts it and she never loses sight of this aspect in her study Although the academic basis is there the presentation is not academic Her aim is clearly to share the joke with her readers [Oswaal ISC Question Bank Class 11 English Paper-2 | Chapterwise | Topicwise | Solved Papers | For 2025 Exams](#) Oswaal Editorial Board,2024-03-02 Description of the Product 100% Updated with Latest 2025 Syllabus Typologies of Questions for 2024 Crisp Revision with Topic wise Revision Notes Smart Mind Maps Extensive Practice with 1000 Questions Self Assessment Papers Concept Clarity with 500 Concepts 50 Concept Videos 100% Exam Readiness with Answering Tips Suggestions
