Work Theme Days Ideas:

Laugh out Loud: A User's Guide to Workplace Humor Barbara Plester, Kerr Inkson, 2018-09-24 This book is the first ever authoritative work on the use and management of humor in the workplace. It is a practical guide for everyone involved: the humorists, jokers, the targets, sometimes victims, the observers, audience, and most of all, the managers who have to set the tone and encourage control and manage humor. Humor is part and parcel of every workplace. However, while it usually demonstrates and fosters a united, happy workforce, it can at times be deeply damaging and divisive. The authors, academics with vast organizational experience and a research-based understanding of humor at work, bring together state-of-the-art knowledge of the topic, making it fun, accessible, and readable for all humor participants. The topics include how humor works, humor cultures in organizations, the many forms of workplace humor, and their pros and cons; humor rituals at work; digital humor; workplace jokers; the 21st-century issue of political correctness; and both the bright side of humor assisting positive cultures, making work fun, and its dark side where humor offends and humiliates. With over 60 real-life illustrative stories of workplace humor, a self-completion questionnaire to measure the Humor Climate in your organization, end-of-chapter takeaways, and an end-of-book summary advocating best practice, the book is a fun, how-to-do-it guide that will both inform and entertain.

Workday Warrior Ann Gomez, 2022-12-06 Reclaim control of your workday with a proven time-saving method. Life is busier than ever before. We are working longer hours to keep up with longer to-do lists. Yet we're experiencing more stress and seem to fall further and further behind. Our so-called leisure time is punctuated with interruptions, constantly pulling us back to work. We are led to believe we can prioritize our way out of this, but prioritization is broken. In *Workday Warrior*, productivity expert Ann Gomez presents a fresh approach that smashes today's time challenges: too many priorities, too many interruptions, and too much complexity. We don't need more willpower, discipline, or hours in our day. Instead, we need a straightforward approach to help us reclaim our time and upgrade our work habits. We need to concentrate our priorities, protect our time, and simplify our work to amplify our results. This book will help you become a *Workday Warrior*. Find more time in your day, play at a higher level, and feel more in control of your time. Your work and life will never be the same.

Strategies That Work Stephanie Harvey, Anne Goudvis, 2017 In this new edition of their groundbreaking book *Strategies That Work*, Stephanie Harvey and Anne Goudvis share the work and thinking they've done since the second edition came out a decade ago and offer new perspectives on how to explicitly teach thinking strategies so that students become engaged, thoughtful, independent readers. Thirty new lessons and new and revised chapters shine a light on children's thinking, curiosity, and questions. Steph and Anne tackle close reading, close listening, text complexity, and critical thinking in a new chapter on building knowledge through thinking-intensive reading and learning. Other fully revised chapters focus on digital reading strategies for integrating comprehension and technology and comprehension across the curriculum. The new edition is organized around three sections. Part I provides readers with a solid introduction to reading comprehension instruction.

including the principles that guide practice suggestions for text selection and a review of recent research that underlies comprehension instruction Part II contains lessons to put these principles into practice for all areas of reading comprehension Part III shows you how to integrate comprehension instruction across the curriculum and the school day particularly in science and social studies Updated bibliographies including the popular Great Books for Teaching Content are accessible online Since the first publication of *Strategies That Work* more than a million teachers have benefited from Steph and Anne s practical advice on creating classrooms that are incubators for deep thought This third edition is a must have resource for a generation of new teachers and a welcome refresher for those with dog eared copies of this timeless guide to teaching comprehension
