HMS Victory at the Battle of Trafalgar remains largely unrecognised. Trafalgar however was not even the high point of Quilliam's professional journey. From the lowest rung of the ladder in the dockyard at Portsmouth he climbed to become Victory's First Lieutenant having already survived two of the bloodiest sea battles of the era at Camperdown and Copenhagen. In the process he won a share in undreamed of wealth through the seizure of one of the largest hauls of Spanish gold ever taken by the Georgian navy. Promoted Post Captain, Quilliam reached the apogee of his profession commanding frigates in the Baltic and on the Newfoundland station in the War of 1812. There in a bizarre twist worthy of a novel by O'Brien or Forester he defeated an accusation of shirking an engagement with the American super frigate President in a Court Martial brought by his own First Lieutenant. This first full biography of a far from ordinary naval officer is itself an unusual collaboration between three writers each interested in different aspects of Quilliam's career but united by a belief that it deserves a wider audience.
