when purchasing technical publications for your classic motorcycle or automobile as many of the reprints found on internet
websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many
are nothing more than poor quality digital or comb bound photocopies that are scanned or printed complete with greasy
pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are
often advertised for the incorrect series and or model years However VelocePress com has been publishing reprints of
