Meyer, 2010-10-14 In 1960 *To Kill a Mockingbird* was published to critical acclaim To commemorate *To Kill a Mockingbird*'s 50th anniversary Michael J Meyer has assembled a collection of new essays that celebrate this enduring work of American literature These essays approach the novel from educational legal social and thematic perspectives Harper Lee's only novel won the Pulitzer Prize and was transformed into a beloved film starring Gregory Peck as Atticus Finch An American classic that frequently appears in middle school and high school curriculums the novel has been subjected to criticism for its subject matter and language Still relevant and meaningful *To Kill a Mockingbird* has nonetheless been under appreciated by many critics There are few books that address Lee's novel's contribution to the American canon and still fewer that offer insights that can be used by teachers and by students These essays suggest that author Harper Lee deserves more credit for skillfully shaping a masterpiece that not only addresses the problems of the 1930s but also helps its readers see the problems and prejudices the world faces today Intended for high school and undergraduate usage as well as for teachers planning to use *To Kill a Mockingbird* in their classrooms this collection will be a valuable resource for all teachers of American literature

Harper Lee's To Kill a Mockingbird Harold Bloom, 2013 Contains essays about Harper Lee's *To kill a mockingbird* addressing the novel's characters structure themes and subject matter **Instructor**, 2005-08 **Literary Awakenings** Ronald Koury, 2017-02-02 During the past thirty years the editors of the *Hudson Review* have observed a trend among some of the best literary essayists and reviewers to situate their criticism in a deeply personal manner as opposed to the theoretical technocratic work being produced in many literary and academic publications Over time the *Hudson Review* became a home for this kind of accessible memoirist writing *Literary Awakenings* collects eighteen essays published over the

last three decades that celebrate the writer's relationship with literature one that is deeply shaped by experience and remembrance The essays gathered here recall disparate awakenings to the influence of literature and discoveries of the many ways in which it enriches nearly every aspect of our lives Antonio Muñoz Molina describes his education as a writer and a citizen as a form of protest against Franco's totalitarian regime in Spain Drawing upon Huckleberry Finn Wendell Berry meditates on the impulse to escape that literature often invokes and Judith Pascoe's tribute to Clarissa confesses to the appeal of reading select literature that initiates one into an exclusive coterie of people What unites these diverse contributions is the joy of appreciation the pleasures of engaging with literature

Teaching Authentic Language Arts in a Test-Driven Era Arthur T. Costigan, 2010-11-01 Most pre-service education students are enthusiastic about the progressive constructivist and student-centered theory and practice advocated in many teacher education programs and by the National Council of Teachers of English Yet in actual day-to-day practice teachers often have trouble thinking of ways in which such student-centered and constructivist practices in literacy instruction can be implemented in classrooms which are increasingly driven by high-stakes tests increased accountability and mandated and even teacher-proof scripted curricula Teaching Authentic Language Arts in a Test-Driven Era provides a powerful and much-needed counterargument to the assumption that test-driven curricula preclude meaningful instruction and authentic student engagement within a Language Arts curriculum Providing teachers with the theoretical stances and pedagogical tools to develop a Language Arts practice which can be personally rewarding as well as beneficial to students Teaching Authentic Language Arts in a Test-Driven Era empowers teachers to be effective even within the confines of a testing and accountability-driven curriculum

McKinley, 2020-05-01 Focusing on three South African communities the authors dismiss the idea that some groups are voiceless arguing that they are being deliberately ignored by dominant news media The dominant news media are often accused of reflecting an elite bias privileging and foregrounding the interests of a small segment of society while ignoring the narratives of the majority The authors of Tell Our Story investigate this problem and offer a hands on

demonstration of listening journalism and research in practice In the process they dismiss the idea that some groups are voiceless arguing that what is often described in such terms is mostly a matter of those groups being deliberately ignored Focusing their attention on three very different South African communities they delve into the life and struggle narratives of each exposing the divide between the stories told by the people who actually live in the communities and the way in which those stories have been understood and shaped by the media The three communities are those living in the Glebelands hostel complex in Durban where over 100 residents have been killed in politically motivated violence in the past few years the Xolobeni community on the Wild Coast which has been resisting the building of a new toll road and a dune mining venture and Thembelihle a settlement south west of Johannesburg that has been resisting removal for many years The book concludes with a set of practical guidelines for journalists on the practice of listening journalism **Jet**, 1991-12-09 The
