of this remarkable book offer unprecedented insights into the meaning and practice of effective school leadership. The stories themselves are often inspiring but they are never idealized. All of these principals met with frustrations as well as successes, setbacks as well as breakthroughs. All regularly reassessed their policies and practices and all acknowledged and learned from their errors along the way. Yet all believed in their staffs and their students and all found innovative ways to transform and improve their schools. These are true stories of successful leadership against enormous odds. They provide countless lessons for today's school leaders and all who are committed to education reform.

Never Trust a Teacher—Fight to Make Things Right Susan Fay Ryan, 2017-11-08. This book is dedicated to good teachers everywhere. Human nature dictates that from time to time even the best of teachers may make mistakes. When they are made aware of such aberrations, good teachers will recognize and repair them. They will at a moment's notice set things right with their students. Bad teachers will refuse to acknowledge blunders and will engage in cover-ups. Parents and caregivers need to be mindful that they may run into bad teachers anywhere in any time period who may be guilty of the same sins. Of necessity then in defense of their children, parents and caregivers must be the watch dogs, the whistle blowers and the prime movers for bringing about meaningful change. In her book *Battle Hymn of the Tiger Mother*, Amy Chua has set forth seven driving principles by which she governed her children. Her fifth rule is: if your child ever disagrees with a teacher or coach, you must always take the side of the teacher or coach. Chua, 2011. New York, NY: PENGUIN BOOKS, p. 5. My advice states the contrary and I offer convincing concrete examples as to why you should Never Trust a Teacher. Remember to FLIP the book over to find Twenty Two Timeless Tips to Trump the System. Before being critical of teachers, parents must prepare their children to be ideal students when they arrive at school. In this supplement to the larger book, I offer fundamental guidelines for parents and caregivers as they begin their childrearing years and gradually ease their children into the world of public school, always remembering that Literacy and Love Go Hand in Hand.

Social Studies and Diversity Education Elizabeth E. Heilman, Ramona Fruja, Matthew Missias, 2010-01-21. The preparation of social studies teachers is crucial not only to the project of good education but even more broadly to the cultivation of a healthy democracy and the growth of a nation's citizens. This one-of-a-kind resource features ideas from over 100 of the field's most thoughtful teacher educators reflecting on their best practices and offering specific strategies through which future teachers can learn to teach, thus illuminating the careful planning and deep thinking that go into the preparation of the social studies teachers. While concentrating on daily teaching realities such as lesson planning and meeting national, state or provincial standards, each contributor also wrestles with the most important current issues on educating teachers for today's increasingly diverse, complex and global society. Features of this unique teaching resource include: Volume sections that are arranged by both disciplinary organization and approach or activity; Thoughtful introductory section essays that conceptualize each theme, providing a conscientious theoretical overview and analysis of each individual section; Rich and concrete examples of best practice from some of the

field's most diverse and highly regarded scholars and teacher educators. An index that identifies the appropriate teaching level and teacher education context and links the strategies and ideas that are presented in the essay to the relevant INTASC and NCSS standards for quick reference in classroom planning as well as institutional development and implementation. A much needed addition to the field, this comprehensive volume will be of value to any teacher interested in social studies or diversity education across age groups and educational contexts.
