TRIGONOMETRY

QTR	COMPETENCY/OBJECTIVES
NUMBER AND OPERATIONS	
	1. Represent and compare numbers in various forms and perform operations.
1.1	a. Perform conversions across measurement systems including degree to radian measurements of angles, radian measurements to degree measurements of angles, polar to rectangular coordinates, rectangular to polar coordinates, rectangular to trigonometric forms of complex numbers, and trigonometric to rectangular forms of complex numbers. (DOK 1)
1.2	b. Determine the product and quotient of complex numbers in trigonometric form. (DOK 1)
1.2	c. Apply De Moivre's theorem to determine the n th roots of a complex number given in polar form. (DOK 1)
1.2	d. Explain the addition formulas for sine and cosine and use them to prove (or simplify) other trigonometric functions. (DOK 2)
	2. Investigate basic concepts of vectors and operations with vectors.
1.2	a. Recognize and draw different notations for vectors to represent a quantity. (DOK 1)
1.2	b. Analyze properties of vectors and the effects of these properties on operations with vectors. (DOK 2)
1.2	c. Apply the limit definition of e . (DOK 2)
ALGEBRA	
	3. Compare and produce equivalent forms of trigonometric expressions and solve trigonometric equations.
1.1	a. Determine the domain and range of trigonometric functions. (DOK 2)
1.1-1.2	b. Identify and apply trigonometric identities. (DOK 2)
1.1	c. Verify identities analytically and with technology. (DOK 2)
1.2	d. Solve trigonometric equations in real-world situations or mathematical settings. (DOK 2)
GEOMETRY	
	4. Use geometric modeling to analyze trigonometric relationships.
1.1	a. Use the unit circle to solve real-world applications and problems in mathematical settings. (DOK 3)
1.1	b. Apply the six trigonometric functions in relation to a right triangle to solve real-world applications and problems in mathematical settings. (DOK 3)
1.1	c. Find exact values of trigonometric functions of special angles in the unit circle. (DOK 1)

Seeger, 2019-01-05 For 8th graders freshmen and sophomores here's what to do now For juniors and seniors here are details about the tests the applications admissions factors financial aid essays interviews and college selection Checklists are provided for each year of high school A comprehensive checklist for the application for each college is provided It is a reference book for these many details for when you need them Use some chapters now and come back to other chapters later even in a year or more For 8th and 9th Graders get a great start on high school by seeing what to do your freshman and sophomore years so you're not behind in junior and senior years Which colleges are realistic Which are affordable Do not count any of them out yet Can you get a great degree without a huge debt Sure if you make the right choices These topics are covered How to get college ready and admissions ready Benefits of community colleges and public colleges Selective admissions factors and expectations Activities internships and sports Practice for standardized tests and subject tests Application checklists and procedures Financial aid and cost comparisons Meeting admissions officials and Essays and interviews After knowing more students and parents can better discuss and think about all these factors to decide if college is indeed the best option and what type of college is best The book explains the basics and moves into detailed information that you may not need right away but probably will use later It has handy reference pages containing checklists testing rules calendars admissions statistics college degree levels and

websites to use so you don't have to look everything up yourself. You don't have to remember everything now. You can go back to the book again and again when you need the information. For the maze of selective college applications, admissions, and choices, the Starter Guide explains the basics and then provides a detailed analysis of the situation, presents a detailed plan of action, and points you to some of the best sources for even more information to complete a serious run for the Ivies and the other top 50 to top 150 colleges. But the great options of public colleges aren't neglected as the benefits of community colleges, public honors colleges, tuition discounts in nearby states, affordable regional colleges, and flagship universities are explained. Finances and financial aid are covered with estimates of what to expect from both public and private colleges with examples for various household income levels. Students and parents will find advice on how to meet admissions staff. Learn how to build an impressive record based on what the colleges are looking for. Students will find practical advice on how to make the best impression with their attire, conversational interactions, paperwork, and correspondence. Learn which questions to ask and how to best convey your story while knowing what things to avoid doing, and there are a few. High school guidance counselors will like the reference information on testing, test by test, 8th grade to 12th grade, in reference summary pages, and admissions statistics. The book covers test schedules, reporting fees, fee waivers, test cancellation procedures, information, websites, admissions events, admissions statistics for 120 colleges in one spot; the publisher looked them up and calculated them so you don't have to. See about fine print admissions details like the lowest test scores for admissions at a college. The Starter Guide to College for Clueless Students/Parents is a good value. It doesn't have to be read all at once but can guide a student and the parents as time passes, even loaned to others.
