Fictional Akkadian Autobiography Tremper Longman, 1991 That autobiography in ancient literature is fictional has long been recognized The purpose of Longman's study is to delineate the genre of fictional autobiography in Akkadian texts with similar texts from other ancient Near Eastern cultures Included are the texts of all relevant fictional Akkadian autobiographies as well as an appendix containing English translations of them The results of the study are of interest to Assyriologists but also have implications for students of comparative literature and the Bible **Supreme Court New York** , **Troublemakers** Dieter Thomä, 2019-07-12 The political crises and upheavals of our age often originate from the periphery rather than the center of power Figures like Edward Snowden Julian Assange and Chelsea Manning acted in ways that disrupted power revealing truths that those in power wanted to keep hidden They are thorns in the side of power troublemakers in the eyes of the powerful though their actions may be valuable and lead to positive changes In this important new book Dieter Thom examines the crucial but often overlooked function of these figures on the margins of society developing a philosophy of troublemakers from the seventeenth century to the present day Thom takes as his starting point Hobbes's idea of the puer robustus literally stout boy meaning a figure who rebels against order and authority While Hobbes saw the puer robustus as a threat he also recognized the potential in the right conditions for figures to rise up and become agents of positive change Building on this notion Thom provides a rich survey of intellectuals who have been inspired by this idea over the past 300 years from Rousseau Diderot Schiller Victor Hugo Marx and Freud to Carl Schmitt Leo Strauss and Horkheimer right up to the recent work of Badiou and Agamben In doing so he develops a typology of the puer robustus and a means by which we can evaluate and assess the troublemakers of our own times Thom shows that troublemakers are an inescapable part of modernity for as soon as social and political boundaries are defined there will always be figures challenging them from the margins This book will be of great interest not only to students and scholars in the humanities and social sciences but to anyone seeking to understand the crucial impact of these liminal figures on our world today The Publishers' Circular and Booksellers' Record , 1929 **The Pen is Mightier Than the Sword** C. Y. Loh, Ike K. Ong, 1994 This second anthology focuses on writing in the 90's from Malaysia and Singapore These new voices are turning their gaze outwards to the farthest shores of experience often transgressing the bounds of acceptability in order to explore such controversial issues as religion homosexuality the changing role of women in Asia and the spiritual cost of the new materialism Also featured are pieces by Han Suyin K S Maniam and the 1993 Nobel Laureate Toni Morrison Snacks for the Mind Denton Writers League, 2011 **The Publishers Weekly** , 1917 Science Fiction Language in Action Jennifer Kelso Farrell, 2025-09-04 In this book Jennifer Kelso Farrell investigates the way in which L Ron Hubbard used his background in science fiction to create a language for his religion that served to gatekeep outsiders out and insulate insiders Examining the works of science fiction authors such as George Orwell Aldous Huxley Anthony Burgess and Samuel Delany

Farrell explores the relationship between language and reality and the role language can play in reprogramming individuals. The author also draws upon high profile biographies from former members such as *Troublemaker*, *Surviving Hollywood* and *Scientology and My Billion Year Contract* to display how indoctrination into such language often causes a language barrier between those within Scientology and those outside of it thus further isolating members and perpetuating Scientologese within their inner circle. Bridging the gap between fiction and reality, Farrell illustrates how this language came to be and how it continues to persist today.
