Visitors from Lanulos Woodrow W. Derenberger, Taunia Derenberger-Bowman, Andrew Colvin, John Keel, Gray Barker, 2014-06-22 New Saucerian Press proudly presents the lost ufological classic Visitors From Lanulos Initially published in 1971 this book became perhaps the rarest contactee book ever Prior to its 2014 reissue there were only a half dozen copies remaining in the world s library system with the rest trading for thousands of dollars each Woodrow Derenberger the author of the book claimed to have had a series of strange adventures beginning on November 2nd 1966 While driving home from Parkersburg West Virginia to his suburban home in Mineral Wells he suddenly found the highway blocked by a large gray object Someone emerged from the object and walked to the passenger side window of his car The man introduced himself as a searcher and offered words of comfort to Derenberger After noting that he would come again the spaceman who called himself Indrid Cold stepped back into the object and it rose out of sight Derenberger went home and told his story to his wife He then called the police and the press Soon after other witnesses came forward to say that they too had seen Cold talking to Derenberger by the side of the road In time several locals would have their own encounters with Cold Two days later while driving in his car Derenberger began to receive telepathic communications from Cold who described himself as from the galaxy of Ganymede Cold also supplied some information about his life including the observation that people on his planet Lanulos lived to be 125 to 175 of our Earth years Over the next weeks other stories would accumulate that substantiated other parts of Derenberger s story including independent UFO sightings on November 4th An initial investigation concluded that Derenberger was not a fraud or hoaxer and was mentally and psychologically sound Throughout this period Derenberger s direct contacts with Indrid Cold continued He learned much about Cold s people and their desire for friendly contact In 1967 Cold took Derenberger for a ride in his spaceship Strangely they visited the oilfields of Iraq and Afghanistan as well as Cold s lush jungle planet which was populated by beautiful humanoids wearing no clothes Derenberger told his story frequently over the next few years and his story was given extended treatment by Fortean researcher John A Keel Through the 1980s Derenberger assumed a low profile though he continued to correspond with a small group of people who believed his accounts In fact he forwarded many letters from Cold to these fans Cold actually lived in a house in Midway West Virginia before moving to Cleveland in the 1980s In the years since other evidence has been discovered pointing to Cold s possible intelligence connections and the fact that he may have actually piloted an early aerial drone designed by the U S military Was there an underground flying saucer manufacturing plant near Woody s home perhaps in Point Pleasant home of the Mothman Were Cold and his associates trying to bamboozle locals into thinking the military drones were from outer space Or were they really interdimensional Men in Black or spacemen Check out this fascinating read for clues both astounding and confounding This indispensable special edition of Visitors From Lanulos features introductions by John A Keel and Taunia Derenberger Bowman Woody s daughter an epilogue by the publisher Andy Colvin

and a special addendum from Gray Barker It also sports a beautiful and playful cover by British artist David Sankey
