that Hrolfgar s drunk and asleep And if you can t figure out what there is to be excited about I ll show you A vague hint of the meat from earlier and the mead we passed around the fire lingered on the youngest Viking s breath as his lips pressed to mine and his fingers tangled in the hair on the back of my head What are you No Get off me I pushed him back I tried to hold him at arm s length but tiny little Leta controlling one of these husky warriors was just not very likely Soon he had both of my wrists in his hands and flipped me over on my back With him between my legs I felt the Viking s prick hard against my body I twisted my hips this way and that to unbalance him but as time went on my efforts started to flag a little and then I gave up Both he and I watched each other s face for a few moments Breathing in breathing out His chest rose and fell and when he let go of my wrists instead of slapping at him or trying to stick my thumbs in his eyes I flattened my palms against the muscles above his navel My fingertips bounced over his rippled ridged stomach until I touched his What s this Hrolfgar s voice was thick and soupy but he was awake at least What s going on Vorix Why are you in my hey wait a minute Relax big man We re just warming up for the night He slipped a hand underneath my waist and when I started to speak he clamped hard I let out a little yelp and shut my mouth Get out of here fool the bigger man said She s Ragnar s Don t make a mistake you ll regret when you wake up hung over Oh that s a good one me with a hangover How was your nap Hrolf She isn t Ragnar s she s Canute s Or whatever that strange little princeling of his is named Ragnar just gave her a go around to make sure everything worked right Isn t that right Leta No I mmf mrf See She said yes What No she didn t you horse s ass She said What the frozen hell does it matter She s a slave Hrolf At some point the other two had apparently heard the commotion Hrolf Vorix I hope we re not interrupting a lover s quarrel Tyr laughed loud at his own joke No you broad nosed fool Vorix said eyes flaring I was sampling the wares that Ragnar dredged up and Hrolf decided to come chastise me about it For some reason he thinks I m interested As he spoke Vorix began to curl his fingertips on my soft naked belly skin Now if you ll all shove off I can get on with it He shrugged in his easy carefree way And then you can have a go I suppose Who s to stop you Well Ragnar for one He s not going to be happy I was by then far too caught up in what seemed inevitable The lean clean faced Viking between my legs pushed his hips against me The tip of his cock threatened to dip inside and I have to admit even with the fear the terror that hung in the back of my mind the way he touched me made my toes curl See how she s acting You think she doesn t want this Ever since Ragnar broke her she s insatiable Vorix said Go on get out Or don t What do I care The hand on my belly stroked all the way up to my neck his thumb ran along my jaw and then he leaned to kiss me His lips were suitably rough and his kiss hard and desperate but behind all of his movements and his affections was a gentleness that surprised me His weight against my hips made me feel secure somehow even though I was well aware of his intentions and of the other three men that just stood around behind us as though there was nothing better to do

Dominated By The Viking Eloise Snow, 2019-05-16 Eva did not become a Queen by giving into men John is no exception so even as he strips bare and lays his muscular body on the snow covered wall melting the snow as well as the heart of every woman in his village and leaving both as wet she resists John is no pretty boy but he's a valiant fighter who would die for his people When Vikings storm his castle he's on the front lines to fight back but Eva's forces are too strong and soon he finds himself captive where he's given an ultimatum that will test his loyalty to his people Eva will make sure John bends his knee for her perhaps in more ways than one Excerpt 1 Somehow the darkness only

seemed to deepen as he stepped beneath the canopy provided by the trees and a silence so deep it felt almost unnatural overtook him. With the insulating trunks and bulky foliage around him, the rising and falling hum of voices soon disappeared behind him, fading into the distance. His solitude broken only by the stirring of a woodland creature startled by his passage through. For hours he wandered until the inky blackness gave way to grey and as he came to a hill, he saw red on the horizon: the rising sun. Except no birds were yet awake, not a sound to be heard to announce the oncoming day. It was much too quiet still for the sun to be peeking above the distant horizon and he realized with a start he was facing the wrong direction to see the sun at all. The red light that flickered on the horizon was spreading and rising up from it; he saw a column of black twisting in the air like a giant snake. Smoke. John's heart hammered against his chest and for a moment, just a moment, he considered dashing back into the woods, hiding until whatever was happening had passed. He took a step, intending to do just that, and sucked in a sharp breath that made his ribs ache where Mack had hammered on them the day before for speaking with Ellen. Ellen. Fear so distinct it was nearly palpable, coursed through him and he was moving before he had made the conscious decision to do so. Leafage dampened the sound of his approach but nothing could muffle the sounds coming from his village. Screams broke the stillness of morning and as John broke from the tree line, he saw why chaos had erupted: strangers in burnished armor and thick leathers swarming the streets that had been empty when he left. The men of the village had banded together but even as John watched, their line was broken, makeshift weapons no match for the tools of war hefted by the figures that advanced on them. John recognized each man that fell before the intruders and his heart clenched in his chest. He altered his course even as he heard a shout behind him, trying to disappear among the familiar streets and aiming to cut them off, hoping to get to the bakery before the advancing line. His hopes waned almost immediately; there was no rhyme or reason to this, no true organization. It seemed as if they had come from all sides. Buildings that had stood since John was a boy were in ruins, roofs aflame, simple rough-hewn blocks crumbling under the sweltering heat.

Excerpt 2

Soon their clothes seemed an almost oppressive barrier, cruel trappings designed with the pure purpose of keeping them apart. John's shirt was discarded and laid on the ground with his trousers. Ellen's dress disappeared next, added to the clothes laid out until it made a small pallet softer at least than the bare rock that surrounded it. There, Ellen allowed herself to be lowered; her hair pulled free from the ribbons that had held it in place, allowing it to fall free in slight curls around her, fanned out beneath her shoulders. A delicate shiver passed through the girl beneath him as he lowered his mouth to the junction between her legs, taking his first taste of her. Her fingers curled in the clothing beneath her knees, coming up around his ears, whether to bar him access or encourage him. John could not say. His hands pressed lightly to her thighs, encouraging them apart again and Ellen complied with a smooth motion, one leg daintily coming to curve over his shoulder, knee hooked over it.
