Westerners often make the mistake of discounting the spiritual aspects of life as not real imaginary a mere reflection of what is experienced in the real world by which they usually mean the physical world that we experience with our five senses Many claim that the concept of angels and demons are creations of our imagination that God or the gods of other religions are mere projections that we create for ourselves The argument goes like this Humans look at physical reality and then create imagine a shadow world the spirit world based upon our experience of real life But what if the opposite is true What if what we are experiencing with our five senses is really just a reflection in a pond What if the real begins with the spiritual and then is reflected into the physical If this hypothesis is true if indeed what we see happening around us in the physical world begins in the spiritual world and is only later manifested where we can perceive it with our five senses then that has profound implications for us in a practical sense If true this would mean that individual crimes acts of evil and aggression and perhaps even larger events armed conflicts terrorist strikes or man made catastrophes that occur in our physical world might be avoided altogether if we can stop them at the spiritual level Likewise what if good might blossom in our physical world as a result of intervention at the spiritual level It certainly seems that we have evidence for both in human experience and in the scriptures Join Dr Silas Gaines as he walks his readers through a scriptural historical and personal journey to identify spiritual laws and principles that govern our current reality Gaines aids us in highlighting spiritual laws woven into the Created Order of which we are often dangerously ignorant and which often hold the keys to humanity flourishing in God's plans and purposes Gaines invites us to join in a journey that will open our eyes to new realities around us and empower us to walk into our God given destinies impacting people and the world around us as we were born to do **Godey's Lady's Book**
