Taken With A Grain Of Salt Volume 2:

In Synchrony with the Heavens, Volume 2 Instruments of Mass Calculation David King, 2005-06-01 This is the first investigation of one of the main interests of astronomy in Islamic civilization namely timekeeping by the sun and stars and the regulation of the astronomically defined times of Muslim prayer The study is based on over 500 medieval astronomical manuscripts first identified by the author now preserved in libraries all over the world and originally from the entire Islamic world from the Maghrib to Central Asia and the Yemen The materials presented provide new insights into the early development of the prayer ritual in Islam They also call into question the popular notion that religion could not inspire serious scientific activity Only one of the hundreds of astronomical tables discussed here was known in medieval Europe which is one reason why the entire corpus has remained unknown until the present A second volume also to be published by Brill deals with astronomical instruments for timekeeping and other computing devices

Genesis - A Theological Commentary - Volume 2 Charles Vogan, 2019-09-21 Genesis started out with God creating the heavens and the earth When he was done he saw that it was very good God loved his Creation But man the key player in the picture refused to cooperate and turned away from God He was supposed to rule the earth under the Father Instead what ensued was ruin and disaster So God pronounced doom upon man and crippled him in four key areas Their Family relationship came to an end God however went back to that original idea He has in mind to create a new heavens and a new earth something on a higher level than the first Creation something that cannot be ruined To prevent another disaster God is creating a new Man in his own Son to live in that new Creation Genesis is showing us the process of making that new Man The New Creation will be perfect never to fail because God's own Son will rule over it
