

NSFAS Challenges

- High expectations amongst students that funding for poor and working class students to cover FCS must be made available by government (based on Polokwane resolution and widespread belief that higher education is a fundamental right): threat to the stability of institutions due to increasing student protests and demands

2. Disbursements by universities

- Disbursements of funds in non pilot institutions: inconsistencies in allocating NSFAS funding across system – each institution has different processes
- Universities allocate loans linked to availability of funding using their own criteria.
