literary theory demonstrates how the full panoply of theoretical approaches can be used to read the same texts

In Search of Authority - Third Edition Stephen Bonnycastle, 2007-04-26 In Search of Authority is the most engaging introduction to literary theory available today This is the third edition of a book that has been widely used to introduce undergraduates to the field of literary theory Its distinctive quality is the way in which it makes complex literary theories such as structuralism deconstruction and post modernism accessible to students by relating these theories to students own enjoyment in reading literature Each theory is illustrated by several applications of the theory to well known literary works Based on a reader response approach to literature In Search of Authority begins with an up to date account of the status of literary theory in the 21st century including a response to recent debates about the post theory question It concludes with a discussion of how an understanding of literary theory can lead to the empowerment of the individual reader and of how the authority of the professor can be gradually transferred to the student This third edition has been revised and updated throughout Each chapter ends with several questions to help students check their understanding of the key ideas in the chapter

The Modern Study of Literature Richard Green Moulton, 2012-08-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

The Literary Theory Toolbox Jeffrey Nealon, 1999 An innovative new resource The Literary Theory of Toolbox offers readers the tools to build concepts and produce analyses rather than asking them to be passive consumers of a body of knowledge called theory Following Gilles Deleuze who described theory as a box of tools the book contends that readers need theory primarily because it does work for them Rather than simply reproducing methods or solutions it offers angles of intervention a toolbox of concepts to assist in approaching texts
