ThetaHealing is essentially applied quantum physics. Using a theta brain wave which until now was believed to be accessible only in deep sleep or yogi level meditation, the practitioner is able to connect with the energy of All That Is, the energy in everything, to identify issues with and witness healings on the physical body and to identify and change limiting beliefs. In this revised and updated edition, you will discover the belief and feeling work that can instantly change the thinking within you that creates illness, the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is, how to develop the ability to change on all levels physically, mentally, emotionally, and spiritually using the Creator of All That Is. Stibal che permette di pensare e di sentire in modo diverso e di lavorare con la vera essenza del proprio essere **Seven Planes of Existence** Vianna Stibal, 2016-01-26 First developed twenty years ago by Vianna Stibal ThetaHealing is essentially applied quantum physics Using a theta brain wave which until now was believed to be accessible only in deep sleep or yogi level meditation the practitioner is able to connect with the energy of All That Is the energy in everything to witness healings of the physical body and to identify and change limiting beliefs This book is for those who have already started to experience the magic of this energy healing modality and wish to deepen their understanding of the Seven Planes of Existence the philosophy behind the creation of ThetaHealing Vianna presents exciting new information to help you take your skill with this work to the next level and brings the reader into dimensions that she believes to be the beginnings of life itself on a journey that leads outward past the universe to transform beliefs showing that with a theta state of mind it is possible to connect to a Divine Energy before it becomes anything in this universe **ThetaHealing®: You and the Creator** Vianna Stibal, 2020-11-24 Essential ThetaHealing handbook for practitioners explaining how we can connect with the Creator for spiritual elevation When we enter a theta brain state we can connect to the Creator of All That Is Discover how to improve this connection to achieve deep inner healing Founded by Vianna Stibal ThetaHealing is a powerful healing modality through which we can change limiting beliefs to receive deep emotional and physical healing While in the Theta state we are able to connect with the divine energy that flows through all things The Creator of All That Is Vianna is often asked How do I know I am connected to the Creator or if it's just my own thoughts The true answer is that to know the difference between your thoughts and divine inspiration you must first understand yourself This in depth guide for ThetaHealing practitioners will teach you how to experience knowing yourself on an intimate level so you can recognize this difference and establish clear and enlightened communication with the Creator Vianna shares powerful teachings downloads exercises and her own experiences to illustrate how to recognize the belief systems inner aspects and subconscious selves preventing you from fully bonding with the energy of the Creator and how to navigate and understand your own mind The Creator always communicates from a place of pure perfect love and Vianna details a powerful road map for experiencing and strengthening this connection so that you too can become limitless **Theta Healing : Using Theta Meditation and Other Techniques to Heal Your Body** Anthony Blundetto, 2012-12-01 Theta Healing is a technique that was developed by Vianna Stiball It is a self help technique that uses energy to heal the body and the mind The basic tenets of this technique have to do with the idea that we can all use our fundamental intuitive powers to create change in our lives on a number of different levels These levels are inclusive of the emotional the physical and the mental The idea is that when we get to the place where we can slow our brainwaves to a state of theta that we can receive instant healing to our bodies The brainwaves that are used in the Theta technique are the ones that are usually utilized in the seconds just between sleep and wakefulness What happens is that when the brain is in a deeper state of relaxation the frequency of the brainwaves slows down and then electrical energy

waves of different frequencies are produced When the brainwaves are at their lowest frequency this is the time when delta waves are created when an individual is in different states of deep sleep The second lowest wave frequency is the theta wave and you get to this state when you are in deep meditation or hypnosis **Theta Healing** Vianna
