The Zimmermann Telegram By Barbara W Tuchman:

The Zimmermann Telegram Barbara W. Tuchman, 1985-03-12 A tremendous tale of hushed and unhushed uproars in the linked fields of war and diplomacy The New York Times from the Pulitzer Prize winning author of The Guns of August In January 1917 the war in Europe was at best a tragic standoff Britain knew that all was lost unless the United States joined the war but President Wilson was unshakable in his neutrality At just this moment a crack team of British decoders in a quiet office known as Room 40 intercepted a document that would change history The Zimmermann telegram was a top secret message to the president of Mexico inviting him to join Germany and Japan in an invasion of the United States How Britain managed to inform the American government without revealing that the German codes had been broken makes for an incredible story of espionage and intrigue as only Barbara W Tuchman could tell it The Proud Tower The Guns of August and The Zimmermann Telegram comprise Barbara W Tuchman's classic histories of the First World War era **The**

Barbara W. Tuchman, 2017-01-24 A journalistic tour de force this wide ranging collection by the author of the Pulitzer Prize winning biography Stilwell and the American Experience in China is a classic in its own right During the summer of 1972 a few short months after Nixon's legendary visit to China master historian Barbara W Tuchman made her own trip to that country spending six weeks in eleven cities and a variety of rural settlements The resulting reportage was one of the first evenhanded portrayals of Chinese culture that Americans had ever read Tuchman's observations capture the people as they lived from workers in the city and provincial party bosses to farmers scientists and educators She demonstrates the breadth and scope of her expertise in discussing the alleviation of famine misery and exploitation the distortion of cultural and

historical inheritances into ubiquitous slogans news media schools housing and transportation and Chairman Mao's techniques for reasserting the Revolution This edition also includes Tuchman's fascinating The New York Review of Books essay If Mao Had Come to Washington in 1945 a tantalizing piece of speculation on a proposed meeting between Mao and Roosevelt that would have changed the course of postwar history Shrewdly observed Tuchman enters another plea for coolness intelligence and rationality in American Asian policies One can hardly disagree The New York Times Book Review

A Distant Mirror Barbara W. Tuchman, 1987-07-12 A marvelous history of medieval Europe from the bubonic plague and the Papal Schism to the Hundred Years War by the Pulitzer Prize winning author of The Guns of August Lawrence Wright author of The End of October in The Wall Street Journal The fourteenth century reflects two contradictory images on the one hand a glittering age of crusades cathedrals and chivalry on the other a world plunged into chaos and spiritual agony In this revelatory work Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life what childhood was like what marriage meant how money taxes and war dominated the lives of serf noble and clergy alike Granting her subjects their loyalties treacheries and guilty passions Tuchman re-creates the lives of proud cardinals university scholars grocers and clerks saints and mystics lawyers and mercenaries and dominating all the knight in all his valor and furious follies a terrible worm in an iron cocoon Praise for A Distant Mirror Beautifully written careful and thorough in its scholarship What Ms. Tuchman does superbly is to tell how it was No one has ever done this better The New York Review of Books A beautiful extraordinary book Tuchman at the top of her powers She has done nothing finer The Wall Street Journal Wise witty and wonderful a great book in a great historical tradition Commentary *The House of Truth* Brad Snyder, 2017-01-04 In 1912 a group of ambitious young men including future Supreme Court justice Felix Frankfurter and future journalistic giant Walter Lippmann became disillusioned by the sluggish progress of change in the Taft Administration The individuals started to band together informally joined initially by their enthusiasm for Theodore Roosevelt's Bull Moose campaign They self-mockingly called the 19th Street row house in which they congregated the House of Truth playing off the lively dinner discussions with frequent guest and neighbor Oliver Wendell Holmes Jr. about life's verities Lippmann and Frankfurter were house mates and their frequent guests included not merely Holmes but Louis Brandeis Herbert Hoover Herbert Croly founder of the New Republic and the sculptor and sometime Klansman Gutzon Borglum later the creator of the Mount Rushmore monument Weaving together the stories and trajectories of these varied fascinating combative and sometimes contradictory figures Brad Snyder shows how their thinking about government and policy shifted from a firm belief in progressivism the belief that the government should protect its workers and regulate monopolies into what we call liberalism the belief that government can improve citizens' lives without abridging their civil liberties and eventually civil rights Holmes replaced Roosevelt in their affections and aspirations His famous dissents from 1919 onward showed how the Due Process clause could protect not just business but equality under the law revealing how a generally conservative and

reactionary Supreme Court might embrace even initiate political and social reform Across the years from 1912 until the start of the New Deal in 1933 the remarkable group of individuals associated with the House of Truth debated the future of America They fought over Sacco and Vanzetti's innocence the dangers of Communism the role the United States should play the world after World War One and thought dynamically about things like about minimum wage child welfare laws banking insurance and Social Security notions they not only envisioned but worked to enact American liberalism has no single source but one was without question a row house in Dupont Circle and the lives that intertwined there at a crucial moment in the country's history *The Zimmermann Telegram* Barbara W. Manipulating the Masses John Maxwell Hamilton, 2020-10-21 Winner of the Goldsmith Book Prize Winner of the AEJMC History Division Book Award Winner of the AJHA Book of the Year Winner of the Culbert Family Book Prize *Manipulating the Masses* tells the story of the enduring threat to American democracy that arose out of World War I the establishment of pervasive systematic propaganda as an instrument of the state During the Great War the federal government exercised unprecedented power to shape the views and attitudes of American citizens Its agent for this was the Committee on Public

Information CPI established by President Woodrow Wilson one week after the United States entered the war in April 1917. Driven by its fiery chief George Creel, the CPI reached every crevice of the nation every day and extended widely abroad. It established the first national newspaper, made prepackaged news a quotidian aspect of governing, and pioneered the concept of public diplomacy. It spread the Wilson administration's messages through articles, cartoons, books, and advertisements in newspapers and magazines; through feature films and volunteer Four Minute Men who spoke during intermission; through posters plastered on buildings and along highways; and through pamphlets distributed by the millions. It enlisted the nation's leading progressive journalists, advertising executives, and artists. It harnessed American universities and their professors to create propaganda and add legitimacy to its mission. Even as Creel insisted that the CPI was a conduit for reliable, fact-based information, the office regularly sanitized news, distorted facts, and played on emotions. Creel extolled transparency but established front organizations. Overseas, the CPI secretly subsidized news organs and bribed journalists. At home, it challenged the loyalty of those who occasionally questioned its tactics. Working closely with federal intelligence agencies, eager to sniff out subversives and stifle dissent, the CPI was an accomplice to the Wilson administration's trampling of civil liberties. Until now, the full story of the CPI has never been told. John Maxwell Hamilton consulted over 150 archival collections in the United States and Europe to write this revealing history, which shows the shortcuts to open, honest debate that even well-meaning propagandists take to bend others to their views. Every element of contemporary government propaganda has antecedents in the CPI. It is the ideal vehicle for understanding the rise of propaganda, its methods of operation, and the threat it poses to democracy.
