I Won't Do Wrong Hamish Robertson, 2022-12-13 This book is not a magic cure but could be an aid for a sufferer or carer If you wish to tackle this demon head on and feel that education of the illness the only way forward then this book is for you Educate your self to the brim if you wish too Hamish did one

thing that Hamish has learnt is that if you are prepared to be wrong it makes you more right even if you are not so This book is about transient understanding and Hamish being very transcendental is well placed to observe and to experiment This is not a case of the blind leading the blind but a story of how one person has ploughed through life with only his own mind and steely sincerity to work with He has not stopped he has ploughed through life and has been able to explain his way to recovery by writing this book In effect educating himself better His findings include voice hearing truths and untruths transient timing probably the best evidence of the existence of God Transient Response the best way to experience God duel realities Including Feuds Super Ego Talking in tongues The existence of numbers being more than just mathematical as well as other interesting true tales and short stories He believes in four dimensions and in parallel universes which are separated from our world and so are not dimensions but universes He believes that there is a reason for the barrier between such universes Having started writing for himself for personal progression he soon realised that this work could be worth something to others and so he started writing to an audience and not just to himself The essence of Hamish life is represented in this book as transience he is very transcendental and so is well placed to study its workings The Road
