The Bayeux Tapestry And Its Contexts:

The Bayeux Tapestry and Its Contexts Elizabeth Carson Pastan, Stephen D. White, Kate Gilbert, 2014 A full and provocative reappraisal of the Bayeux Tapestry its origins design and patronage Aspects of the Bayeux Tapestry in fact an embroidered hanging have always remained mysterious despite much scholarly investigation not least its design and patron Here in the first full length interdisciplinary approach to the subject the authors an art historian and a historian consider these and other issues Rejecting the prevalent view that it was commissioned by Odo the bishop of Bayeux and half brother of William the Conqueror or by some other comparable patron they bring new evidence to bear on the question of its relationship to the abbey of St Augustine s Canterbury From the study of art historical archeological literary historical and documentary materials they conclude that the monks of St Augustine s designed the hanging for display in their abbey church to tell their own story of how England was invaded and conquered in 1066 Elizabeth Carson Pastan is a Professor of Art History at Emory University Stephen D White is Asa G Candler Professor of Medieval History emeritus Emory University and an Honorary Professor of Mediaeval History at the University of St Andrews Our Dogs, Our Selves ,2016-09-12 The ubiquity of references to dogs in medieval and early modern texts and images must at some level reflect their actual presence in those worlds yet scholarly consideration of this material is rare and scattered across diverse sources This volume addresses that gap bringing together fifteen essays that examine the appearance meaning and significance of dogs in painting sculpture manuscripts literature and legal records of the period reaching beyond Europe to include cultural material from medieval Japan and Islam While primarily art historical in focus the authors approach the subject from a range of disciplines and with varying methodology that ultimately reveals as much about dogs as about the societies in which they lived Contributors are Kathleen Ashley Jane Carroll Emily Cockayne John Block Friedman Karen M Gerhart Laura D Gelfand Craig A Gibson Walter S Gibson Nathan Hofer Jane C Long Judith W Mann Sophie Oosterwijk Elizabeth Carson Pastan Donna L Sadler Alexa Sand and Janet Snyder Femina Janina Ramirez,2023-02-28 THE 1 INTERNATIONAL BESTSELLER LONGLISTED FOR THE 2023 CUNDIL HISTORY PRIZE A Next Big Idea Book Club Must Read A groundbreaking reappraisal of medieval femininity revealing why women have been written out of history and why it matters The Middle Ages are seen as a bloodthirsty time of Vikings saints and kings a patriarchal society that oppressed and excluded women But when we dig a little deeper into the truth we can see that the Dark Ages were anything but Oxford and BBC historian Janina Ramirez has uncovered countless influential women s names struck out of historical records with the word FEMINA annotated beside them As gatekeepers of the past ordered books to be burned artworks to be destroyed and new versions of myths legends and historical documents to be produced our view of history has been manipulated Only now through a careful examination of the artifacts writings and possessions they left behind are the influential and multifaceted lives of women emerging Femina goes beyond the official records to uncover the true impact of women such as Jadwiga the only female king in Europe

Margery Kempe who exploited her image and story to ensure her notoriety Loftus Princess whose existence gives us clues about the beginnings of Christianity in England In Femina Ramirez invites us to see the medieval world with fresh eyes and discover why these remarkable women were removed from our collective memories **Medieval Clothing and Textiles 17** Cordelia Warr,Robin Netherton,Gale R. Owen-Crocker,Monica L. Wright,2023-07-04 The essays here take us from the twelfth century with an exploration of an inventory of Mediterranean textiles from an Ifriqiyan Church into an examination and reconstruction of an extant thirteenth century sleeve in France which provides a rare and early example of medieval quilted armour and finally on to late medieval Sweden and the reconstruction of gilt leather intarsia coverlets A study of construction techniques and the evolution of form of gable and French hoods in the late medieval and the early modern periods follows and the volume also includes a study of how underwear for depicted in Renaissance paintings and manuscript illuminations serves as a marker of class **Medieval Clothing and Textiles 19** Melanie Schuessler Bond,Cordelia Warr,2025-06-03 The best new research on medieval clothing and textiles drawing from a range of disciplines The essays collected here continue to showcase the Journal's wide ranging and eclectic tradition The topics addressed are the sensory perceptions of textiles in Early Medieval Britain evidence of the global textile trade as reflected in church facades in Lucca Italy the ways in which spinning and weaving in late medieval Cologne influenced the presentation of the cult of the Eleven Thousand Virgins within the city sumptuary legislation in thirteenth century Montauban in the Occitan region of Southern France visual representations of male underwear in northern European art and the late sixteenth and early seventeenth century trade in knitted jersey stockings in Norwich and Yarmouth *Conquered* Eleanor Parker,2022-02-24 Outstanding The Sunday Times Beautifully written The Times Superbly adroit The Spectator Excellent BBC History Magazine The Battle of Hastings and its aftermath nearly wiped out the leading families of Anglo Saxon England so what happened to the children this conflict left behind *Conquered* offers a fresh take on the Norman Conquest by exploring the lives of those children who found themselves uprooted by the dramatic events of 1066 Among them were the children of Harold Godwineson and his brothers survivors of a family shattered by violence who were led by their courageous grandmother Gytha to start again elsewhere Then there were the last remaining heirs of the Anglo Saxon royal line Edgar theling Margaret and Christina who sought refuge in Scotland where Margaret became a beloved queen and saint Other survivors such as Waltheof of Northumbria and Fenland hero Hereward became legendary for rebelling against the Norman conquerors And then there were some like Eadmer of Canterbury who chose to influence history by recording their own memories of the pre conquest world From sagas and saints lives to chronicles and romances Parker draws on a wide range of medieval sources to tell the stories of these young men and women and highlight the role they played in developing a new Anglo Norman society These tales some reinterpreted and retold over the centuries others carelessly forgotten over time are ones of endurance adaptation and vulnerability and they all reveal a generation of young people who bravely navigated a changing world and shaped the country England was to

become **Abbatial Authority and the Writing of History in the Middle Ages** Benjamin Pohl, 2023-08-22 This book argues that abbatial authority was fundamental to monastic historical writing in the period c 500 1500 Writing history was a collaborative enterprise integral to the life and identity of medieval monastic communities but it was not an activity for which time and resources were set aside routinely Each act of historiographical production constituted an extraordinary event one for which singular provision had to be made workers and materials assigned time carved out from the monastic routine and licence granted This allocation of human and material resources was the responsibility and prerogative of the monastic superior Drawing on a wide and diverse range of primary evidence gathered from across the medieval Latin West this book is the first to investigate systematically how and why abbots and abbesses exercised their official authority and resources to lay the foundations on which their communities historiographical traditions were built by themselves and others It showcases them as prolific authors patrons commissioners project managers and facilitators of historical narratives who not only regularly put pen to parchment personally but also and perhaps more importantly enabled others inside and outside their communities by granting them the resources and licence to write Revealing the intrinsic relationship between abbatial authority and the writing of history in the Middle Ages with unprecedented clarity Benjamin Pohl urges us to revisit and revise our understanding of monastic historiography its processes and its protagonists in ways that require some radical rethinking of the medieval historian s craft in communal and institutional contexts **A Companion to Medieval Art** Conrad Rudolph, 2019-05-07 A fully updated and comprehensive companion to Romanesque and Gothic art history This definitive reference brings together cutting edge scholarship devoted to the Romanesque and Gothic traditions in Northern Europe and provides a clear analytical survey of what is happening in this major area of Western art history The volume comprises original theoretical historical and historiographic essays written by renowned and emergent scholars who discuss the vibrancy of medieval art from both thematic and sub disciplinary perspectives Part of the Blackwell Companions to Art History A Companion to Medieval Art Second Edition features an international and ambitious range of contributions covering reception formalism Gregory the Great pilgrimage art gender patronage marginalized images the concept of spolia manuscript illumination stained glass Cistercian architecture art of the crusader states and more Newly revised edition of a highly successful companion including 11 new articles Comprehensive coverage ranging from vision materiality and the artist through to architecture sculpture and painting Contains full color illustrations throughout plus notes on the book s many distinguished contributors A Companion to Medieval Art Romanesque and Gothic in Northern Europe Second Edition is an exciting and varied study that provides essential reading for students and teachers of Medieval art *Micro Middle Ages* Paul Edward Dutton, 2023-10-30 Micro Middle Ages brings together five microhistorical case studies focusing on small or seemingly inconsequential evidence that leads to broader conclusions about medieval history and the way we do and understand history in general Paul Dutton provides an overview of microhistorical approaches and theorizes about its use in

pre modern history As opposed to studying history from above or history from below Dutton shows the advantages for historians of doing history from the inside out starting from some single overlooked but potentially knowable thing delving deep inside and then reattaching it to its time and place Such an approach has one abiding advantage its insistence on being grounded in the particularity of the evidence The book highlights what the microhistorical is its conceptual and practical challenges Dutton argues that the attention to the micro has always been with us and is a constitutive cognitive part of who we are as human beings

The Norman Conquest in English History George Garnett,2020-12-02 The Norman Conquest in English History Volume 1 A Broken Chain pursues a central theme in English historical thinking over seven centuries Covering more than half a millennium this first volume explains how and why the experience of the Norman Conquest prompted both an unprecedented campaign in the early twelfth century to write or create the history of England and to excavate and fabricate pre Conquest English law Garnett traces the treatment of the Conquest in English historiography legal theory and practice and political argument through the middle ages and early modern period examining the dispersal of these materials from libraries after the dissolution of the monasteries and the attempts made to rescue edit and print many of them in the late sixteenth and early seventeenth centuries These preservation efforts enabled the Conquest to become still more contested in the constitutional cataclysms of the seventeenth century than it had been in the eleventh and twelfth The seventeenth century resurrection of the Conquest will be the subject of a second volume

Translation and Temporality in Benoît de Sainte-Maure's Roman de Troie Maud Burnett

McInerney, 2021 An exciting new approach to one of the most important texts of medieval Europe The story of the Trojan War has been told and retold across the ages from Homer's Iliad and Virgil's Aeneid to recent film and television adaptations The peoples of medieval Europe were especially enthralled with the tale of the siege of the great city by the Greeks and by the fourteenth century virtually every royal house in Europe traced its ancestry to some long ago Trojan warrior The medieval West however had no access to Homer and though Virgil was certainly read the most influential version of the Troy story for centuries was that recounted in the Roman de Troie by Benoît de Sainte-Maure This massive poem in Old French claimed to be a translation of two eyewitness accounts of the War both actually late antique forgeries but it is in reality a largely original tapestry of chivalric exploits elaborate descriptions and marvellous creatures such as centaurs and Amazons The love story of Troilus and Briseida was invented in its pages later inspiring Boccaccio Chaucer and Shakespeare The huge popularity of the Roman de Troie allowed medieval dynasties to create new kinds of political authority by extending their pedigrees back into days of legend and was an essential element in the inauguration of a new genre romance This book uses approaches from theories of translation and temporality to develop its analysis of the Roman de Troie and its context It reads the text against Geoffrey of Monmouth's History of the Kings of Britain to argue that Benoît is a participant in the Anglo-Norman invention of a new kind of history It develops readings grounded in both gender studies and queer theory to demonstrate the ways in which the Roman de Troie participates in the invention of romance time even as it uses its queer characters to cast doubt upon the optimistic genealogical fantasies of romance Finally it argues that the great series of ekphrastic passages so characteristic of the Roman de Troie operate as lieux de mémoire epitomizing the potential of poetry to stop time at least in the moment The author also provides an overview of the complex manuscript tradition of the Roman de Troie in support of the contention that the text deserves to be central to any study of medieval literature
