Stuff You Should Know Josh Clark, Chuck Bryant, 2020-11-24 From the duo behind the massively successful and award winning podcast Stuff You Should Know comes an unexpected look at things you thought you knew Josh Clark and Chuck Bryant started the podcast Stuff You Should Know back in 2008 because they were curious curious about the world around them curious about what they might have missed in their formal educations and curious to dig deeper on stuff they thought they understood As it turns out they aren't the only curious ones They've since amassed a rabid fan base making Stuff You Should Know one of the most popular podcasts in the world Armed with their inquisitive natures and a passion for sharing they uncover the weird fascinating delightful or unexpected elements of a wide variety of topics The pair have now taken their near boundless whys and hows from your earbuds to the pages of a book for the first time featuring a completely new array of subjects that they've long wondered about and wanted to explore Each chapter is further embellished with snappy visual material to allow for rabbit hole tangents and digressions including charts illustrations sidebars and footnotes Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds to the history of facial hair to the psychology of being lost Have you ever wondered about the world around you and wished to see the magic in everyday things Come get curious with Stuff You Should Know With Josh and Chuck as your guide there's something interesting about everything except maybe jackhammers

The Secret History of Everyday Stuff (in Colour) Benedict le Vay, 2016-01-15 NB THIS IS THE DE LUXE COLOUR VERSION You may wish to purchase the black and white interior at a much keener price also on Amazon which as you will see has garnered endless 5 star reviews from readers who love it But this is what it's about You don't have to paddle up the headwaters of the Orinoco to be surprised by something utterly amazing You don't have to search the markets of Samarkand and trawl the back streets of Mandalay to find the almost unbelievable the compellingly curious the utterly enlightening or the irresistibly odd You just have to look in your own store cupboard Your food and drink your household appliances your medicines your own home and street in your country your business your daily transport the very words you use every day That's what this book is about Finding the utterly extraordinary in the ordinary Dip into any of the topics and you'll soon be hooked It's time to make the mundane marvellous

The Secret History of Everyday Stuff Benedict Le Vay, 2015-04-29 You don't have to paddle up the headwaters of the Orinoco to be surprised by something utterly amazing You don't have to search the markets of Samarkand and trawl the back streets of Mandalay to find the almost unbelievable the compellingly curious the utterly enlightening or

the irresistibly odd You just have to look in your own store cupboard Your food and drink your household appliances your medicines your own home and street in your country your business your daily transport the very words you use every day That's what this book is about Finding the utterly extraordinary in the ordinary Dip into any of the topics and you'll soon be hooked Time to make the mundane marvellous Really Interesting Stuff You Don't Need to Know Mega Edition David Fickes, 2020-03-19 Do you love trivia and interesting facts This is the be all end all bathroom and coffee table mega reader with over 3 000 fascinating facts across a wide range of subjects animals arts history literature miscellaneous movies science and nature sports television U S geography U S presidents and world geography It combines Really Interesting Stuff You Don't Need to Know Volume 1 and Volume 2 along with brand new facts For example In 2009 physicist Stephen Hawking threw a champagne party for time travelers He didn't put out invitations until after the party hypothesizing that if someone showed up it would be proof of time travel No one came Mount Chimborazo Ecuador is closer to the Moon than any other place on Earth It is 20 548 feet elevation but very close to the equator so the bulge in the Earth makes it 1.5 miles closer to the Moon than Mount Everest Over the last 20 000 years the size of the average human brain has shrunk by about 10% There are no clear answers why The first concept of the atom was developed in the 5th century BC Greeks Leucippus and Democritus called these particles atomos meaning indivisible and the modern word atom is derived from this term Male pandas perform a handstand when they urinate By doing the handstand they get their pee higher up the tree allowing their scent to be carried further and increasing their mating chances Wombats are the only animal in the world with cube shaped poop It appears to be due to the irregular shape and elasticity of their intestines In 18th century England pineapples were so rare and such a status symbol that a single pineapple could sell for the equivalent of 8 000 today and you could rent a pineapple for the evening to show off to guests All the gold ever mined in the history of the world would fit in a 67 foot cube An elephant has 40 000 muscles in its trunk there are about 640 muscles in the entire human body There are so many possible iterations of a game of chess that no one has been able to calculate it accurately In the 1950s mathematician Claude Shannon came up with what is now known as the Shannon Number to estimate the possible iterations at between 10^{111} and 10^{123} In comparison there are 1081 atoms in the known universe A penny dropped from the 1 250 foot Empire State Building wouldn't kill a bystander below Due to air resistance the penny would reach its maximum speed after falling only about 50 feet When it reached the ground it would only be moving 25 mph enough to hurt but nowhere near enough to kill Killer whales are dolphins and not whales they are the largest member of the dolphin family The similarities with dolphins include teeth streamlined bodies rounded head beak echolocation living in pods and group hunting Under the Articles of Confederation there were eight presidents prior to George Washington each served a one year term Play Doh was originally created as a wallpaper cleaning putty to remove coal dust in the 1930s The first published use of the word hello was in 1827 hello is a relatively recent word and was initially used to attract attention or express surprise it didn't get its current meaning until the
