argument throughout is that modernism possesses more than one face Setting Ford in his cultural and historical context the opening chapter debates the concept of fragmentation in modernism later chapters discuss the notion of the personal narrative and war writing Ford s literary technique is studied comparatively and plot summaries of his major books *The Good Soldier* and *Parade s End* are provided as is a brief biography *Fragmenting Modernism* will be useful for anyone studying the literature of the early twentieth century impressionism or modernism in general terms as well as for those who seek to investigate in detail one of the great polymorphous figures of the time An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence [The Thinker's Thesaurus: Sophisticated Alternatives to Common Words \(Expanded Third Edition\)](#) Peter E.
