The Bigot Why Prejudice Persists

Stephen Eric Bronner

The Bigot Why Prejudice Persists:

The Bigot Stephen Eric Bronner, 2014-07-01 Stephen Eric Bronner is a prolific author activist and one of America's leading political thinkers His new book presents bigotry as a systematic all encompassing mindset that has a special affinity for right wing movements In what will surely prove a seminal study Bronner explores its appeal the self image it justifies the interests it serves and its complex connection with modernity He reveals how prejudice shapes the conspiratorial and paranoid worldview of the true believer the elitist and the chauvinist In the process it becomes apparent how the bigot hides behind mainstream conservative labels in order to support policies designed to disadvantage the targets of his contempt Examining bigotry in its various dimensions anthropological historical psychological sociological and political Professor Bronner illustrates how the bigot's intense hatred of the other is a direct reaction to social progress liberal values secularism and an increasingly complex and diverse world A sobering look at the bigot in the twenty first century this volume is essential for making sense of the dangers facing democracy now and in the future

The Bigot Stephen Eric Bronner, 2014-07-29 Stephen Eric Bronner is a prolific author activist and one of America's leading political thinkers His new book presents bigotry as a systematic all encompassing mindset that has a special affinity for right wing movements In what will surely prove a seminal study Bronner explores its appeal the self image it justifies the interests it serves and its complex connection with modernity He reveals how prejudice shapes the conspiratorial and paranoid worldview of the true believer the elitist and the chauvinist In the process it becomes apparent how the bigot hides behind mainstream conservative labels in order to support policies designed to disadvantage the targets of his contempt Examining bigotry in its various dimensions anthropological historical psychological sociological and political Professor Bronner illustrates how the bigot's intense hatred of the other is a direct reaction to social progress liberal values secularism and an increasingly complex and diverse world A sobering look at the bigot in the twenty first century this volume is essential for making sense of the dangers facing democracy now and in the future

Critical Theory and Authoritarian Populism Jeremiah Morelock, 2018-12-17 After President Trump's election BREXIT and the widespread rise of far Right political parties much public discussion has intensely focused on populism and authoritarianism In the middle of the twentieth century members of the early Frankfurt School prolifically studied and theorized fascism and anti-Semitism in Germany and the United States In this volume leading European and American scholars apply insights from the early Frankfurt School to present day authoritarian populism including the Trump phenomenon and related developments across the globe Chapters are arranged into three sections exploring different aspects of the topic theories historical foundations and manifestations via social media Contributions examine the vital political psychological and anthropological theories of early Frankfurt School thinkers and how their insights could be applied now amidst the insecurities and confusions of twenty first century life The many theorists considered include Adorno Fromm L. W. Venthal and Marcuse alongside analysis of Austrian Facebook pages and Trump's

tweets and operatic media drama This book is a major contribution towards deeper understanding of populism's resurgence in the age of digital capitalism *A Rumor about the Jews* Stephen Eric Bronner, 2018-08-30 In its portrayal of Judaism as a worldwide conspiracy dedicated to the destruction of Christian civilization the Protocols of the Learned Elders of Zion remains one of the most infamous documents ever written Despite being proven a crude forgery the pamphlet managed to pervade twentieth century thinking often being twisted to suit its handlers purposes and to justify the most extreme persecution of the Jews In *A Rumor About the Jews* Stephen Eric Bronner provides a history of this notorious fabrication one which has renewed salience in a post truth society dominated by fake news and explores its influence on right wing movements throughout the twentieth century and the ongoing appeal of bigotry This new edition of Bronner's 2000 classic described by Kirkus as the best short book on anti-Semitism expands the arguments of the first edition bringing the work up to date in a new political context *Pandemics, Authoritarian Populism, and Science Fiction* Jeremiah Morelock, 2021-03-21 With a focus on *I Am Legend* and *Day of the Dead* two series of film remakes of popular science fiction stories this book addresses the social origins of the recent surge in authoritarian and populist social movements Exploring the ways in which the themes of tribalism confidence in medical science and confidence in military violence changed over the years in the process of re-telling these stories in popular culture the author identifies the shift towards a narrowing of moral scope an embrace of military violence and a distrust of medical science with three elements of authoritarian populism tribalism distrust of rational elites and their institutions and willingness for violent coercion An engaging study of popular culture that sheds light on contemporary political attitudes *Pandemics Authoritarian Populism and Science Fiction* will appeal to scholars of sociology social theory and cultural studies with interests in critical theory film studies and science fiction

Existentialism, Authenticity, Solidarity Stephen Eric Bronner, 2020-12-30 What makes individuals what they are How should they judge their social and political interaction with the world What makes them authentic or inauthentic This original and provocative study explores the concept of authenticity and its relevance for radical politics Weaving together close readings of three 20th century thinkers Martin Heidegger Karl Jaspers and Jean Paul Sartre with the concept of authenticity Stephen Eric Bronner illuminates the phenomenological foundations for self-awareness that underpin our sense of identity and solidarity He claims that different expressions of the existential tradition compete with one another in determining how authenticity might be experienced but all of them ultimately rest on self-referential judgments The author's own new framework for a political ethic at once serves as a corrective and an alternative Wonderfully rich insightful and nuanced Stephen Eric Bronner has produced another bookshelf staple that speaks to crucial issues in politics philosophy psychology and sociology *Existentialism Authenticity Solidarity* will appeal to scholars students and readers from the general public alike

The "M" in CITAMS@30 Casey Brienza, Laura Robinson, Barry Wellman, Shelia R. Cotten, Wenhong Chen, 2018-12-14 Volume 18 of *Emerald Studies in Media and Communications* celebrates the thirty year anniversary of the *Communications*

Information Technology and Media Sociology Section of the American Sociological Association **The Palgrave Handbook of Critical Theory** Michael J. Thompson, 2017-01-20 This handbook is the only major survey of critical theory from philosophical political sociological psychological and historical vantage points It emphasizes not only on the historical and philosophical roots of critical theory but also its current themes and trends as well as future applications and directions It addresses specific areas of interest that have forged the critical theory tradition such as critical social psychology aesthetics and the critique of culture communicative action and the critique of instrumental reason It is intended for those interested in exploring the influential paradigm of critical theory from multiple interdisciplinary perspectives and understanding its contribution to the humanities and the social sciences Religious Freedom, LGBT Rights, and the Prospects for Common Ground William N. Eskridge (Jr.), Robin Fretwell Wilson, 2018-11-22 LGBT faith and academic thought leaders explore prospects for laws protecting each community's core interests and possible resolutions for culture war conflicts **Society and Social Pathology** R.C. Smith, 2017-02-21 This book offers one of the most comprehensive studies of social pathology to date following a cross disciplinary and methodologically innovative approach It is written for anyone concerned with understanding current social conditions individual health and how we might begin to collectively conceive of a more reconciled postcapitalist world Drawing reference from the most up to date studies Smith crosses disciplinary boundaries from cognitive science and anthropology to critical theory systems theory and psychology Opening with an empirical account of numerous interlinked crises from mental health to the physiological effects of environmental pollution Smith argues that mainstream sociological theories of pathology are deeply inadequate Smith introduces an alternative critical conception of pathology that drills to the core of how and why society is deeply ailing The book concludes with a detailed account of why a progressive and critical vision of social change requires a holistic view of individual and societal transformation Such a view is grounded in the awareness that a sustainable transition to postcapitalism is ultimately a many sided social individual and structural healing process Who's the Bigot? Linda C. McClain, 2020-02-03 Historically critics of interracial interfaith and most recently same sex marriage have invoked conscience and religious liberty to defend their objections and often they have been accused of bigotry Although denouncing and preventing bigotry is a shared political value with a long history people disagree over who is a bigot and what makes a belief attitude or action bigoted This is evident from the rejoinder that calling out bigotry is intolerant political correctness even bigotry itself In *Who's the Bigot* the eminent legal scholar Linda C McClain traces the rhetoric of bigotry and conscience across a range of debates relating to marriage and antidiscrimination law Is bigotry simply the term society gives to repudiated beliefs that now are beyond the pale She argues that the differing views people hold about bigotry reflect competing understandings of what it means to be on the wrong side of history and the ways present forms of discrimination resemble or differ from past forms Furthermore McClain shows that bigotry has both a backward and forward looking dimension We not only learn the meaning of bigotry by looking to the past but we also use

examples of bigotry on which there is now consensus as the basis for making new judgments about what does or does not constitute bigotry and coming to new understandings of both injustice and justice By examining charges of bigotry and defenses based on conscience and religious belief in these debates Who s the Bigot makes a novel and timely contribution to our understanding of the relationship between religious liberty and discrimination in American life **Social Inequality, Economic Decline, and Plutocracy** Dale L. Johnson,2017-02-14 This book aims to further an understanding of present day America by exploring counter hegemony to the rule of capital and offering guidelines for strategizing change proceeding from the dialectic of What Is and What Ought to Be The author analyzes neoliberal global order and its political expressions through discussions of the dominance of finance capital in the late twentieth century the triumph of ideology the closing of avenues to reform the problem of the captive state and a sociological analysis of rule by divide and conquer The book concludes with a look at the history of movement politics in culture arts economics and politics It resounds with a hope that challenges to hegemony can use many paths to change of which the electoral path is but one of many fronts in the long term struggle for radical reform **Critical Theory** Stephen Eric Bronner,2017-09-22 In its essence critical theory is western Marxist thought with the emphasis moved from the liberation of the working class to broader issues of individual agency Critical theory emerged in the 1920s from the work of the Frankfurt School which sought to diagnose and cure the ills of society In the second edition of this Very Short Introduction Bronner provides sketches of major critical thinkers such as Ernst Bloch Theodor Adorno and Jurgen Habermas as well as many of the seminal texts and empirical investigations of critical theory **Communicating COVID-19** Christian Fuchs,2021-09-06 Communicating COVID 19 analyses the changes of everyday communication in the COVID 19 crisis Exploring how misinformation has spread online throughout the pandemic the impact of changes on society and the way we communicate and the effect this has had on the spread of misinformation

The Levant Express Micheline R. Ishay,2019-08-20 A surprisingly hopeful assessment of the prospects for human rights in the Middle East and a blueprint for advancing them The enormous sense of optimism unleashed by the Arab Spring in 2011 soon gave way to widespread suffering and despair Of the many popular uprisings against autocratic regimes Tunisia s now stands alone as a beacon of hope for sustainable human rights progress Libya is a failed state Egypt returned to military dictatorship the Gulf States suppressed popular protests and tightened control and Syria and Yemen are ravaged by civil war Challenging the widely shared pessimism among regional experts Micheline Ishay charts bold and realistic pathways for human rights in a region beset by political repression economic distress sectarian conflict a refugee crisis and violence against women With due attention to how patterns of revolution and counterrevolution play out in different societies and historical contexts Ishay reveals the progressive potential of subterranean human rights forces and offers strategies for transforming current realities in the Middle East **Rethinking Peace** Alexander Laban Hinton,Giorgio Shani,Jeremiah Alberg,2019-02-19 Long considered a subfield of international relations and political science Peace Studies has solidified its

place as an interdisciplinary field in its own right with a canon degree programs journals conferences and courses taught on the subject Internationally renowned centers offering programs on Peace and Conflict Studies can be found on every continent Almost all of the scholars working in the field however are united by an aspiration attaining Peace whether positive or negative The telos of peace however itself remains undefined and elusive notwithstanding the violence committed in its name This edited volume critically interrogates the field of peace studies considering its assumptions teleologies canons influence enmeshments with power structures biases and normative ends We highlight four interrelated tendencies in peace studies hypostasis strong essentializing tendencies teleology its imagined end normativity the set of often utopian and Eurocentric discourses that guide it and enterprise the attempt to undertake large projects often ones of social engineering to attain this end The chapters in this volume reveal these tendencies while offering new paths to escape them Visit <http://www.rethinkingpeacestudies.com> for further details on the Rethinking Peace Studies project

Israel and Palestine John Ehrenberg, Yoav Peled, 2016-07-29 For decades Israeli Jews Palestinians and Israeli Arabs have been engaged in a debate about past history present options and future possibilities Basic questions of citizenship religion political tactics democracy the rule of law and a host of other matters are abandoned revived and modified in an intellectual exchange between representatives of all three communities that is as old as the political conflicts that have marked the region The high stakes intense emotions and meager results of the peace process lend particular importance and salience to these discussions The sophistication of these debates will come as a surprise to many observers who might have concluded that there is no escape from the present impasse and little possibility for a just settlement of the grievous divisions in the region Given the pivotal role of the United States in the Middle East it would be particularly helpful if Americans understanding of the issues went beyond the superficiality that often passes for political discussion and media coverage Whatever the outcome of the discussions currently under way the central commitment of the Oslo Accords to the two state solution has long been the foundation of American diplomacy and is the starting point of Washington's most recent attempt to revive the moribund peace process Important segments of public opinion in the three communities however have started to question the possibility and more importantly perhaps the desirability of a two state solution Their doubts have set in motion a lively and important debate and this book is designed to introduce American readers to the terms of that discussion It features essays by well known Israeli academics both Jewish and Palestinian as well as contributions from non Israeli citizen Palestinian and American scholars It is the first to bring together a wide range of views and perspectives by influential scholars from various disciplines as well as from activists to bear on a very topical subject with international ramifications

Becoming Marxist Ted Stolze, 2019-01-04 In *Becoming Marxist* Ted Stolze offers a series of studies that take up the importance of philosophy for the development of an open and critical Marxism He argues that an adequate philosophy for Marxism must be open to engagement with a diverse range of traditions texts and authors from Paul of Tarsus via Averroes Spinoza and Hobbes to

Althusser Deleuze Negri Habermas and i ek Stolze also explores such practical contemporary issues as the politics of self emancipation the nature of Islamophobia and climate change *Moments of Decision* Stephen Eric Bronner,2014-07-31 In this expanded second edition the radical classic Moments of Decision has been updated more than 20 years since it was first published and received the Michael Harrington Book Award Reexamining observations made after the fall of communism Stephen Eric Bronner blends political meditation philosophical critique and history lessons to illuminate the monumental crises that shaped the 20th and 21st centuries A cosmopolitan work that touches on the implications of conflicts ranging from World War I to the Arab Spring Moments of Decision explores the assumptions of socialist historiography and the character of modernity In clear accessible prose Bronner has revived and revised a seminal work that is ideal for students scholars and anyone interested in political history theory and international relations PRAISE FOR THE PREVIOUS EDITION To guess about the future Bronner has rightly looked into the past going back to the first world war and the momentous split in the labor movement His book is a learned lively and inevitably controversial contribution to the political and historical debates of our age Daniel Singer THE NATION Stephen Bronner is a distinctive voice on the American left He combines a deep understanding of working class political history with a passionate interest in devising a democratic strategy for our time and is willing to take risks in saying just what that strategy should be Bronner s analysis is both principled and shrewd unsparing and hopeful Even where one disagrees with it one learns Joel Rogers University of Wisconsin Law School Editor POLITICS AND SOCIETY **The Bitter Taste of Hope** Stephen Eric Bronner,2017-03-30 Essays that critically evaluate America s domestic and foreign policy landscape since President Obama took office President Barack Obama was elected to office on a wave of hope With his tenure as President of the United States now concluded it is time to take stock of his record at home and abroad The Bitter Taste of Hope is a collection of essays that critically evaluate America s domestic landscape on the one hand particularly new social movements and the nation s foreign policy particularly in the Middle East on the other Stephen Eric Bronner engages a wide ranging set of political and ideological conflicts that defined the Age of Obama especially the most pressing international concerns that have developed in accord with an increasingly globalized world Bronner illuminates not only well known events like the American involvement in Afghanistan and Iraq the plight of the Palestinians and the Arab Spring but also matters about which the general public knows little such as the national hopes of the Circassians the complexities of Sudan and the pitiful existence endured by the Coptic Christians of Cairo Clearly written lively in its style interdisciplinary in conception and timely in its message The Bitter Taste of Hope will undoubtedly prove required reading for activists and academics alike

The Bigot Why Prejudice Persists Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. Such is the essence of the book **The Bigot Why Prejudice Persists**, a literary masterpiece that delves deep into the significance of words and their impact on our lives. The Bigot Why Prejudice Persists Introduction

In the digital age, access to information has become easier than ever before. The ability to download *The Bigot Why Prejudice Persists* has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download *The Bigot Why Prejudice Persists* has opened up a world of possibilities. Downloading *The Bigot Why Prejudice Persists* provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading *The Bigot Why Prejudice Persists* has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download *The Bigot Why Prejudice Persists*. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading *The Bigot Why Prejudice Persists*. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading *The Bigot Why Prejudice Persists*, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability

to download The Bigot Why Prejudice Persists has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Bigot Why Prejudice Persists Books

1. Where can I buy The Bigot Why Prejudice Persists books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
