Mills,2013-10-09 Today black owned barber shops play a central role in African American public life The intimacy of commercial grooming encourages both confidentiality and

camaraderie which make the barber shop an important gathering place for African American men to talk freely But for many years preceding and even after the Civil War black barbers endured a measure of social stigma for perpetuating inequality though the profession offered economic mobility to black entrepreneurs black barbers were obliged by custom to serve an exclusively white clientele Quincy T Mills traces the lineage from these nineteenth century barbers to the bustling enterprises of today demonstrating that the livelihood offered by the service economy was crucial to the development of a black commercial sphere and the barber shop as a democratic social space Cutting Along the Color Line chronicles the cultural history of black barber shops as businesses and civic institutions Through several generations of barbers Mills examines the transition from slavery to freedom in the nineteenth century the early twentieth century expansion of black consumerism and the challenges of professionalization licensing laws and competition from white barbers He finds that the profession played a significant though complicated role in twentieth century racial politics while the services of shaving and grooming were instrumental in the creation of socially acceptable black masculinity barbering permitted the financial independence to maintain public spaces that fostered civil rights politics This sweeping engaging history of an iconic cultural establishment shows that black entrepreneurship was intimately linked to the struggle for equality

Nunley, 2011-02-14 Examines the barbershop as a rhetorical site in African American culture across genres including fiction film poetry and theater In *Keepin' It Hushed: The Barbershop and African American Hush Harbor Rhetoric* Vorris L. Nunley investigates the role of the hush harbor a safe place for free expression among African American speakers as a productive space of rhetorical tradition and knowledge generation Nunley identifies the barbershop as an important hush harbor for black males in particular and traces the powerful cultural trope and its hidden tradition of African American knowledge through multiple texts From Dunbar's *We Wear the Mask* to the recent Barbershop movies and the provocative rhetoric of Reverend Jeremiah Wright Nunley's study touches on a range of time periods and genres Nunley's introduction connects African American Hush Harbor Rhetoric (AAHHR) to everyday considerations of what may or may not be spoken in public and how African American speakers manage numerous hidden transcripts In the first three chapters Nunley charts different iterations of hush harbors and their function in the context of residual and emergent rhetorical traditions He investigates public sphere theory and its application and misapplication to black civil society and hush harbors and connects AAHHR to nommo the power of the word In chapters 4 and 5 Nunley examines the ubiquity of the hush harbor trope in African American culture and considers barbershops as pedagogical sites using literature poetry philosophy and film to make his case In chapter 6 he analyzes the Barbershop movie in detail arguing that the movie's commodified neoliberal version of AAHHR did not represent a hush harbor although that was ostensibly the aim *Keepin' It Hushed* concludes with a

presentation of a hush harbor pedagogy in chapter 7 and a distinctive analysis of hush harbor oriented speeches by then Senator Obama and Rev Jeremiah Wright Rhetoricians and readers interested in African American life and culture will appreciate the cogent analysis in Nunley s volume

**Lockstep and Dance** Linda G. Tucker,2009-09-18 Lockstep and Dance Images of Black Men in Popular Culture examines popular culture s reliance on long standing stereotypes of black men as animalistic hypersexual dangerous criminals whose bodies dress actions attitudes and language both repel and attract white audiences Author Linda G Tucker studies this trope in the images of well known African American men in four cultural venues contemporary literature black focused films sports commentary and rap music Through rigorous analysis the book argues that American popular culture s representations of black men preserve racial hierarchies that imprison blacks both intellectually and physically Of equal importance are the ways in which black men battle against respond to and become implicated in the production and circulation of these images Tucker cites examples ranging from Michael Jordan s underwear commercials and the popular Barbershop movies to the career of rapper Tupac Shakur and John Edgar Wideman s memoir Brothers and Keepers Lockstep and Dance tracks the continuity between historical images of African American men the peculiar constitution of whites anxieties about black men and black men s tolerance of and resistance to the reproduction of such images The legacy of these stereotypes is still apparent in contemporary advertising film music and professional basketball Lockstep and Dance argues persuasively that these cultural images reinforce the idea of black men as prisoners of American justice and of their own minds but also shows how black men struggle against this imprisonment
