The Of Undoing English Edition:

Notes on books Longmans, Green and co,1903 The Broadview Anthology of Nineteenth-Century British Performance Tracy C. Davis,2011-12-20 This collection provides a representative set of theatrical performances popular on the nineteenth century British stage All are newly edited critical editions that account for variant sources reflecting the process of rehearsal licensing and production Detailed introductions and extensive notes explain the texts relationship to repertoires the circulating discourses of intelligibility that constantly recombine in performance The plays address the topical concerns of slavery imperial conquest capitalism interculturalism uprisings at home and abroad modernist aesthetic innovation and the celebration of collective identities Adaptations from novels travelogues and other plays are discussed along with the theatrical history that sustained these works on the stage *Translingual Francophonie and the Limits of Translation* Ioanna Chatzidimitriou,2020-09-02 *Translingual Francophonie and the Limits of Translation* proposes a novel theoretical lens for the study of translation as theme and practice in works by four translingual francophone authors Vassilis Alexakis Chahdortt Djavann Nancy Huston and Andre Makine In particular it argues that translation allows for the most productive encounter with otherness when it is practiced in its estuarine dimension When two foreign bodies of water come into contact in an estuary often a new environment is created at their shared border that does not however invalidate the distinctiveness chemical biological geological etc of either fresh or sea water Similarly texts translated from one language to another should ideally not transform into but rather relate to their new host s linguistic and cultural codes in ways that account both for their undiluted strangeness and the missteps gaps and discontinuities the challenging yet novel and productive articulations of relationality that proliferate at the border of the encounter *Masculinity and Western Musical Practice* Kirsten Gibson,2017-07-05 How have men used art music How have they listened to and brandished the musical forms of the Western classical tradition and how has music intervened in their identity formations This collection of essays addresses these questions by examining some of the ways in which men music and masculinity have been implicated with each other since the Middle Ages Feminist musicologies have already dealt extensively with music and gender from the phallogentric tendencies of the Western tradition to the explicit marginalization of women from that tradition This book builds on that work by turning feminist critical approaches towards the production rhetorical engagement and subversion of masculinities in twelve different musical case studies In other disciplines within the arts and humanities men s studies is a well established field Musicology has only recently begun to address critically music s engagement with masculinity and as a result has sometimes thereby failed to recognize its own discursive misogyny This book does not seek to cover the field comprehensively but rather to explore in detail some of the ways in which musical practices do the cultural work of masculinity The book is structured into three thematic sections effeminate and virile musics and masculinities national masculinities national musics and identities voices discourses Within these themes the book ranges across a number of

specific topics late medieval masculinities early modern discourses of music masculinity and medicine Renaissance Italian masculinities eighteenth nineteenth and early twentieth century ideas of creativity gender and canonicity masculinity imperialist and nationalist ideologies in the nineteenth century and constructions of the masculine voice in late nineteenth and twentieth century opera and song While the case studies are methodologically disparate and located in different historical and geographical locations they all share a common conc

The Poems of St. John of the Cross, 2015-03-10

Saint John's poetry of love and joy describes the soul's passage through dark night to final illumination in mystical union with Absolute Being The allegory the poet uses is that of earthly love and the poems are strikingly effective on the immediate level of personal experience quite apart from their theological meanings Many critics regard the work of Saint John of the Cross 1542-91 the 16th century mystic to be among the finest poetry Spain has produced This bilingual edition the first in modern English was originally published in hard cover in 1968 by the Indiana University Press Most of these poems were written during a period of nine months in 1577-78 when Saint John San Juan de la Cruz was imprisoned and tortured in the dungeon of a small Carmelite monastery in Toledo and their recurrent motifs are both metaphysical and deeply personal

Merchant Colonies in the Early Modern Period Victor N Zakharov, Gelina Harlaftis, Olga Katsiardi-Hering, 2015-10-06 Merchant colonies were a significant factor for economic growth in Europe during the early modern period The essays in this collection look at

merchant colonies across Europe assessing their function legal status interaction with local traders and assimilation into their host countries *The Encyclopædia Britannica* Hugh Chisholm, James Louis Garvin, 1926 Sisters of the Brotherhood: Alienation and Inclusion in Learning Philosophy Erika Ruonakoski, 2023-01-01 This open access book explores the gendered reality of learning philosophy at the university level investigating the ways in which women and minority students become alienated from the social practices of a male dominated field and examining pedagogical solutions to this problem It covers the roles and the interactions of the professor and student in the following ways 1 the historical situation 2 the affective social and bodily situation and 3 the moral situation This text analyzes women's passion for philosophy as a quest for truth as well as their partial alienation from the social practices of philosophy It demonstrates that recognition generosity and care are central ingredients of good learning and teaching experiences Providing case studies of experimental courses in philosophy the book discusses a variety of pedagogical approaches that might increase the inclusiveness of a philosophical education novel and more gender balanced ways of interpreting the history of philosophy problem based learning as a means of emancipating the student from the traditional master disciple relationship body awareness practices as a way of challenging the disembodied tendencies of philosophy and a pluralism of methods to address the needs of different kinds of learners Thanks to these features the book is particularly useful for philosophy professors at the university level but it also provides insights for all readers who feel puzzled about the persistent underrepresentation of women in philosophy **British Museum Catalogue of Printed Books** , 1895 **The Poems of Saint John of the Cross** Saint John of the Cross, 1972 Wakeful Anguish Ashby Bland Crowder, 2004-01-06 In this deeply felt biography Ashby Bland Crowder treats in near definitive fashion one of southern literature's unjustly neglected masters In superb novels like *Home from the Hill* *The Ordways* and *Proud Flesh* as well as in the brilliant story collections *The Last Husband* and *A Time and a Place* William Humphrey 1924 1997 created an imaginary East Texas Red River County conjuring the speech and life rhythms of his native territory with artistic genius Crowder's lyrical blending of biographical fact and incisive analysis corrects a mistaken view that Humphrey was among those writers mired in the pious cult of southern delusory remembrance From early short fiction set in a New York commuter village through late works of the Northeast such as *Hostages to Fortune* and *September Song* Humphrey allowed himself a psychic distance from the South that fueled an unsparing critique of its myths exemplified by the fierce deconstruction of Texas heroes found in his last novel *No Resting Place* In a poignant discussion of Humphrey's memoir *Farther Off from Heaven* Crowder demonstrates that the tragic death of his father led to Humphrey's overriding fictional themes of pain and inconsolable loss Indeed Crowder asserts that Humphrey failed to achieve literary renown in part because he evokes emotional experiences beyond what most people can endure Humphrey's fiction derives its power from refusing to indulge in the false consolations of vanished people and history from showing that living in the southern past is not living at all *Wakeful Anguish* is among the first books about William

Humphrey and will be greeted as one of the finest Marshalling unpublished archival letters interviews with persons who knew Humphrey at different stages in his life and private correspondence and conversations between Humphrey and himself Crowder achieves something rare in literary biography a portrait that reveals both the sustained suffering in an author's life and work and his exultation in the triumph of his art

Strange Glory Charles Marsh, 2015-04-28 Winner Christianity Today 2015 Book Award in History Biography Shortlisted for the PEN Jacqueline Bograd Weld Award for Biography In the decades since his execution by the Nazis in 1945 Dietrich Bonhoeffer the German pastor theologian and anti Hitler conspirator has become one of the most widely read and inspiring Christian thinkers of our time With unprecedented archival access and definitive scope Charles Marsh captures the life of this remarkable man who searched for the goodness in his religion against the backdrop of a steadily darkening Europe From his brilliant student days in Berlin to his transformative sojourn in America across Harlem to the Jim Crow South and finally once again to Germany where he was called to a ministry for the downtrodden we follow Bonhoeffer on his search for true fellowship and observe the development of his teachings on the shared life in Christ We witness his growing convictions and theological beliefs culminating in his vocal denunciation of Germany's treatment of the Jews that would put him on a crash course with Hitler Bringing to life for the first time this complex human being his substantial flaws inner torment the friendships and the faith that sustained and finally redeemed him *Strange Glory* is a momentous achievement

The Encyclopaedia Britannica: A to Aus, 1911

Finnegans Wakes Patrick O'Neill, 2022-03-01 James Joyce's astonishing final text *Finnegans Wake* 1939 is universally acknowledged to be entirely untranslatable And yet no fewer than fifteen complete renderings of the 628 page text exist to date in twelve different languages altogether and at least ten further complete renderings have been announced as underway for publication in the early 2020s in nine different languages *Finnegans Wakes* delineates for the first time in any language the international history of these renderings and discusses the multiple issues faced by translators The book also comments on partial and fragmentary renderings from some thirty languages altogether including such perhaps unexpected languages as Galician Guarani Chinese Korean Turkish and Irish not to mention Latin and Ancient Egyptian Excerpts from individual renderings are analysed in detail together with brief biographical notes on numerous individual translators Chronicling renderings spanning multiple decades *Finnegans Wakes* illustrates the capacity of Joyce's final text to generate an inexhaustible multiplicity of possible meanings among the ever increasing number of its impossible translations

Freedom for Capital, Not People Matthias Schmelzer, 2025-06-24 The definitive history of neoliberal monetary thought Based on new archival sources *Freedom for Capital Not People* tells the story of how the Mont Pelerin Society transformed the world economy Founded in 1947 by economist Friedrich von Hayek by the turn of the 1970s the society commanded influence at the highest levels of international monetary policy with debates sparked by Hayek Milton Friedman and Ludwig von Mises emigrating from the seminar room to the halls of power The group's collective agenda the result of years of fierce argument

and shrewd political strategising would dominate the next half century of global capitalism
