The Book Of Strange New Things:

The Book of Strange New Things Michel Faber, 2014-10-28 A monumental genre defying novel that David Mitchell calls Michel Faber's second masterpiece The Book of Strange New Things is a masterwork from a writer in full command of his many talents It begins with Peter a devoted man of faith as he is called to the mission of a lifetime one that takes him galaxies away from his wife Bea Peter becomes immersed in the mysteries of an astonishing new environment overseen by an enigmatic corporation known only as USIC His work introduces him to a seemingly friendly native population struggling with a dangerous illness and hungry for Peter's teachings his Bible is their book of strange new things But Peter is rattled when Bea's letters from home become increasingly desperate typhoons and earthquakes are devastating whole countries and governments are crumbling Bea's faith once the guiding light of their lives begins to falter Suddenly a separation measured by an otherworldly distance and defined both by one newly discovered world and another in a state of collapse is threatened by an ever widening gulf that is much less quantifiable While Peter is reconciling the needs of his congregation with the desires of his strange employer Bea is struggling for survival Their trials lay bare a profound meditation on faith love tested beyond endurance and our responsibility to those closest to us Marked by the same bravura storytelling and precise language that made *The Crimson Petal and the White* such an international success *The Book of Strange New Things* is extraordinary mesmerizing and replete with emotional complexity and genuine pathos

Prizing Scottish Literature Stevie Marsden, 2021-02-15 This history of the Saltire Society Literary Awards demonstrates the significance the awards have had within Scottish literary and cultural life The book explores how the prizes have influenced understandings of Scottish literature over eight decades and explores what they reveal about the wider mechanisms of how literary prize culture functions in the UK today

Make-Believe David Dickinson, 2020-01-30 I will tell you a story that will make you believe in God No story can guarantee being able to do this Yet novelists can tell stories that make us think about what we believe about God and why Despite repeated predictions of the death of the novel thousands of works of fiction are published and read in Britain each year Although Western society is less religiously observant than it was many 21st century novelists persist in pursuing theological religious and spiritual themes *Make Believe* seeks to explain why With chapters offering analyses of novels from several genres so called literary fiction historical fiction science fiction fantasy and dystopia David Dickinson discusses a wide spectrum of novelists Authors who are avowedly atheistic and authors who have a vested interest in perpetuating biblical stories are both featured Well known writers such as Rushdie McEwan McCarthy and Martell rub shoulders with some you may be meeting for the first time Appealing to literature students and people who simply enjoy reading whether Christian or not this study of God in novels invites us to open our minds and allow aspects of our culture to shape our understanding of God and to change our ways of talking about the divine
